

## Survey on the Community Living Circle in Yongning Village

**Objective of the Survey:** The purpose of this survey is to enhance the quality of rural life and improve the governance of safety in rural areas. By gathering the villagers' demands for local developments, this initiative seeks to engage in a public opinion solicitation activity. The information collected through this questionnaire is intended exclusively for internal analysis and research purposes and will not be utilized for commercial or any other uses. Your honest and accurate responses are highly appreciated. Thank you for your support and cooperation.
