## Text Correction

There was an error in the original publication [1]. A typo in the twelfth sentence of the first paragraph of Section 2.3, “Cefazolin vs. ASPs”, was noted by the authors. It should read “ $p = 0.034$ ” instead of “ $p = 0.34$ ”.

The authors state that the scientific conclusions are unaffected. This correction was approved by the Academic Editor. The original publication has also been updated.
