Table S1. Histological scoring system for splenic inflammation.

Score	Yes/⇑⇓/Severity Grade*	No
Periarteriolar lymphoid sheath		
Increased/decreased size		
Increased/decreased number		
Increased/decreased lymphocytes		
Marginal zone		
Increased/decreased size		
Increased/decreased lymphocytes		
Follicles		
Increased/decreased numbers		
Increased/decreased lymphocytes		
Increased/decreased germinal centers		
Red pulp		
Increased/decreased size		
Increased/decreased lymphocytes		
Increased hematopoietic cells		

*One recommendation for a grading scheme would be 0 = normal, 1 = minimal, 2 = mild, 3 = moderate, 4 = marked.
