

## DOG DEMOGRAPHY QUESTIONNAIRE

Statement for consent, read out:

“As part of Program Dharma I would like to record some information about yourself and your dog(s). This information will be shared with Program Dharma team members to help us understand the needs of the dogs in your banjar. If other people outside the Program Dharma team would like to see this data we will ensure your name and any other identifiers are removed first, so that the data is anonymous. Are you happy for me to continue?”

If they say no, you can continue to talk to them about their dog but you must not enter their data into the app.

Address – enter banjar name and sector number

### INFORMATION ABOUT THE DOG – FILL IN THE FIRST TIME THE DOG ENTERS THE DOGALOG

Date of entry

Dog's name (If owned, enter dog's name and owners surname; if unowned, enter stray and basic description, e.g. brown female)

Description of dog (free text)

Photo of dog
