The authors and journal retract the article, “Biomaterial-Modified Magnetic Nanoparticles γ -Fe₂O₃, Fe₃O₄ Used to Improve the Efficiency of Hyperthermia of Tumors in HepG2 Model” [1], cited above.

Following its publication, the authors contacted the editorial office regarding improper reuse of figures and text from previous articles [2], without authorization.

Adhering to our complaints procedure, an investigation was conducted. The decision was made that the article should be retracted.

This retraction was approved by the Editor in Chief of the journal.

The authors agreed to this retraction.
