

Supplementary Table S1. Physical and chemical parameters with and without biochar addition. Numbers in bracket represent standard error of the means ($n = 6$). TC: total carbon; TN: total nitrogen; POXC: active carbon; MWD: mean weight diameter. Inc: incorporated; Sur: surface. The letter indicates statistical significance differences based on the Fisher's LSD test with a p-value < 0.05. Based on Frene et al., [33].
