

Figure S1. Casein hydrolysate and iron chelate production flow chart

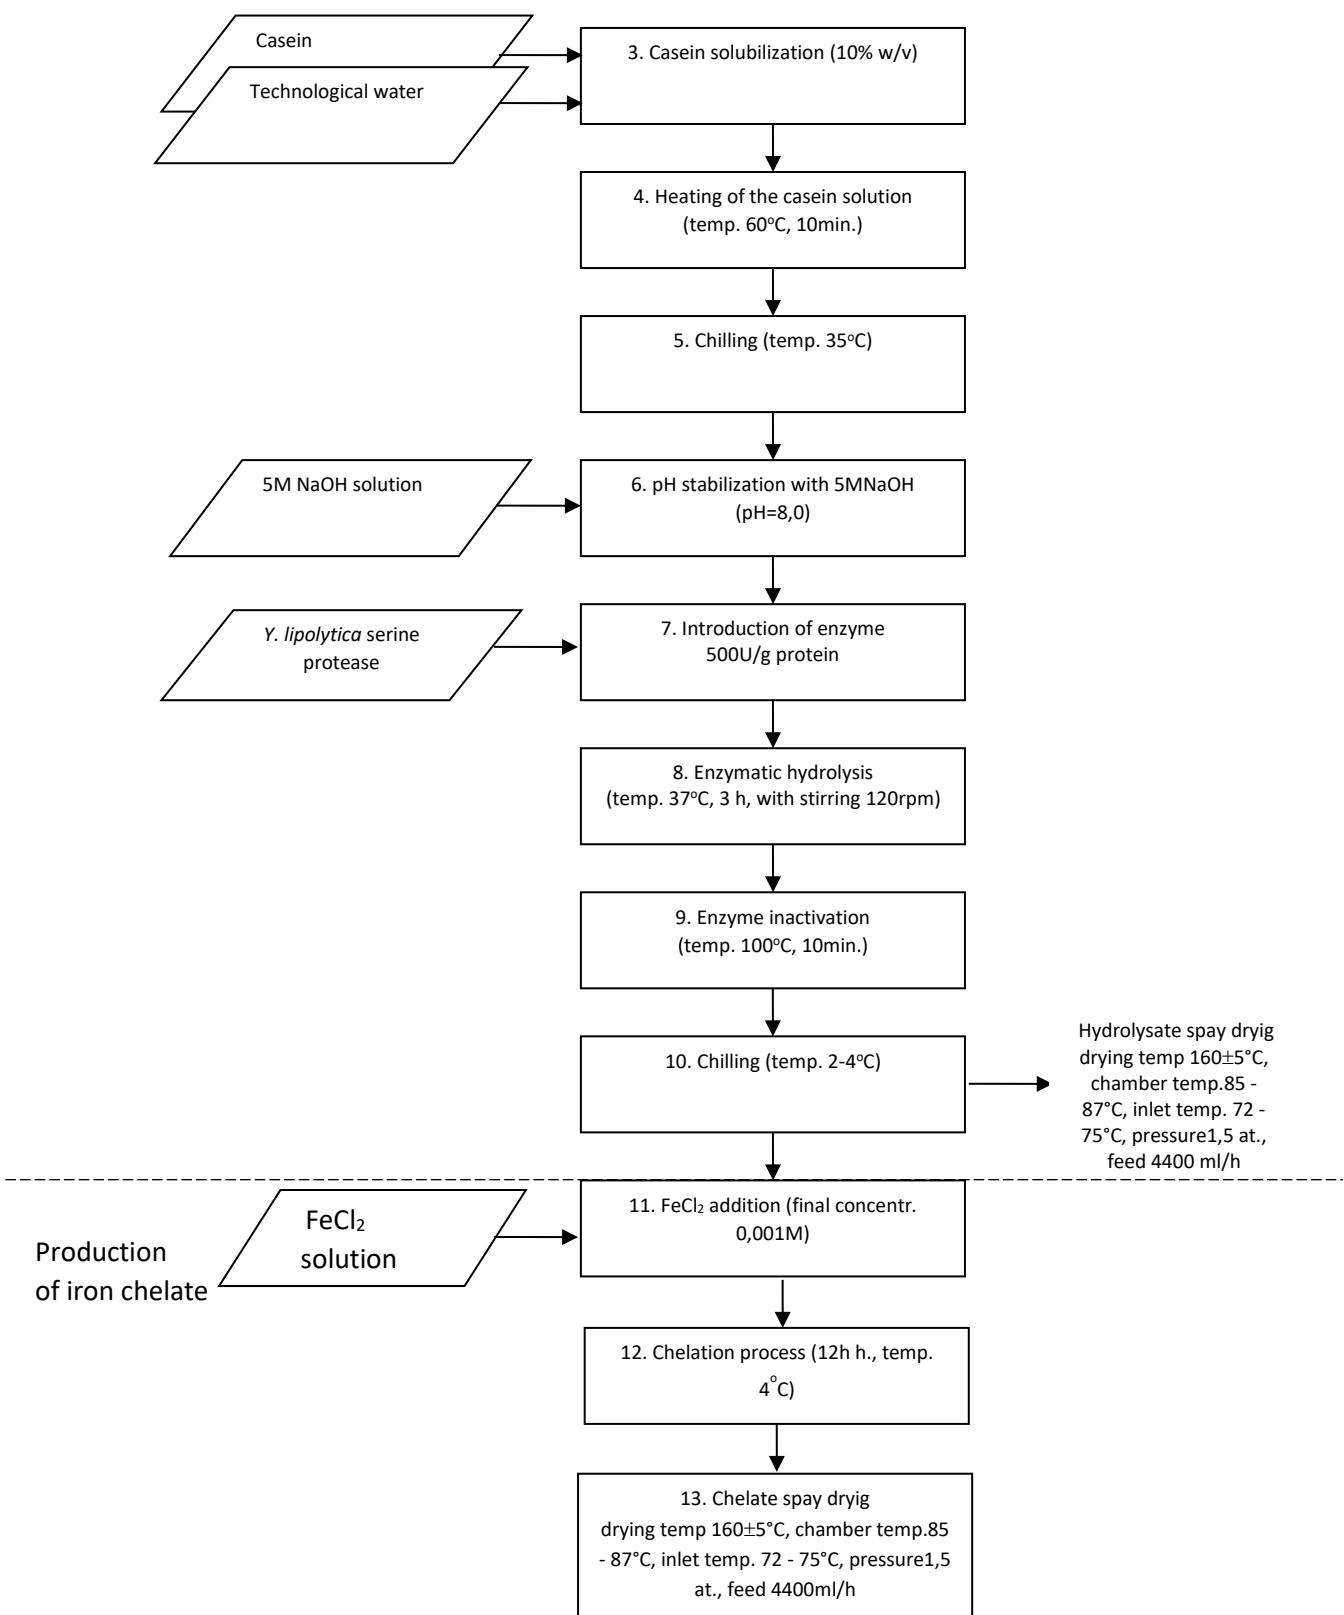

Table S1. Sensory analysis tables

Colour					
Sample	characteristics	white	creamy	odd: like green/grey/other	
	skimmed milk powder				
Yoghurt with addition of	casein hydrolysate				
	casein-iron chelate				

Aroma						
Sample	characteristics	refreshing	clean	typical	acidic	odd-like metallic/yeasty/other
Yoghurt with addition of	skimmed milk powder					
	casein hydrolysate					
	casein-iron chelate					

Consistency						
Sample	characteristics	leaky	loose	dense	very dense	compact
Yoghurt with addition of	skimmed milk powder					
	casein hydrolysate					
	casein-iron chelate					

Taste					
Sample	characteristics	pleasant	refreshing	acidic	with aftertaste
	skimmed milk powder				
Yoghurt with addition of	casein hydrolysate				
	casein-iron chelate
