

Supplementary Materials: Leveraging Known Data for Missing Label Prediction in Cultural Heritage Context

Abdelhak Belhi ^{1,2,*}, Abdelaziz Bouras ¹ and Sebti Foufou ³

The research work discussed within this paper is part of a project called CEPROQHA. The datasets discussed within the paper are publicly available following the links below:

1. The WikiArt dataset: <https://www.wikiart.org/>
2. The Met dataset: <https://github.com/metmuseum/openaccess>
3. The Rijksmuseum dataset (API): <http://rijksmuseum.github.io/>

Additional materials related to the paper will be hosted soon following this link: <https://www.ceproqha.qa/research/multimodal-classification/index.html>
