

## Questionnaires

Dear participant,

We are a team of researchers at National Economics University, Vietnam. We interested in the study of intention to receive a COVID-19 vaccine among Vietnamese citizens. To this end, we are carrying out this anonymous survey in different regions (North, Central, and South) of Vietnam. We are hoping you will help us out by answering the questions below. Please try to answer each question even if you feel it is repetitive. Your benefits in participating are that you will help to gain new knowledge on intention or hesitancy to receive Covid-19 vaccine in Vietnam that will be disseminated in final report, papers. We would like to assure you that your responses are completely anonymous and confidential and that you are under no obligation to participate and can redraw at any stage. There is no right or wrong answer; we just need an honest answer, one that represents your true perception and experience.

**Please answer all questions and thank you for your time.**

### SECTION 1. DEMOGRAPHIC INFORMATION

1. Gender: ☐1 Male ☐2 Female
2. Age: ☐1 18-28 years old  
☐2 29-38 years old  
☐3 39-48 years old  
☐4 49-58 years old  
☐5 Over 59 years old
3. Monthly income:  
☐1 Less than 10 million VND  
☐2 From 10 to 20 million VND  
☐3 From 20 to 30 million VND  
☐4 Over 30 million VND
