Text Correction

Due to an Editorial Office error during processing, a number of male and female symbols were incorrectly shown in the pdf version of the manuscript [1]. In particular, all male and female symbols were shown as male symbols.

A correction has been made to Abstract, Section 3: paragraph 1, Table 1 (cell in first line and third column), Section 3.2: paragraph 1, Section 3.3.1: paragraph 1, Table 3 (cell in first line and third column), Section 3.2: paragraph 1, Section 3.3.1: paragraph 1, Table 3 (cell in first line and third column), Section 4.4: paragraph 2.

The authors state that the scientific conclusions are unaffected. This correction was approved by the Academic Editor. The original publication has also been updated.
