The authors wish to make the following corrections to this paper [1].

There was an error in Figure 1: dots describing the ihSNVs count for each patient in panels A and B were omitted during figure formatting, thus Figure 1 needs to be corrected:

and should be replaced with

The authors apologize to the readers for any inconvenience caused by these changes. It is important to state that this correction does not affect our study's results and involve no changes or modifications in the original data supporting our results. The original manuscript will remain online on the article webpage, with reference to this Correction.
