1. Removed References

In the published publication [1], there was an error regarding the three references [24,25,34] in the original version, which do not genuinely enhance the content of the paper. A correction has been made to Section “Background”, Subsection 2.1. “Early Studies Sensors”, Paragraph Number 1 and Section “Proposed Sensor Taxonomy”, Subsection 3.1. “Analog Sensors”, Paragraph Number 1.

With this correction, the order of some references has been adjusted accordingly. The authors state that the scientific conclusions are unaffected. This correction was approved by the Academic Editor. The original publication has also been updated.
