

Expression of Concern

# Expression of Concern: Hamza et al. Efficacy of Mesenchymal Stem Cell and Vitamin D in the Treatment of Diabetes Mellitus Induced in a Rat Model: Pancreatic Tissues. *Coatings* 2021, 11, 317

Coatings Editorial Office

MDPI, St. Alban-Anlage 66, 4052 Basel, Switzerland; coatings@mdpi.com

Following acceptance of the Special Issue article by the Guest Editor, El-Sayed Abd El-Aziz, concerns were raised regarding the integrity of the peer review process [1].

The journal is therefore issuing this expression of concern to alert readers to significant concerns regarding the integrity of the peer review process of the article cited above.

The journal is currently investigating the peer review process of all articles published in the Special Issue, and readers will be updated on the outcome of the investigation where necessary.

The authors have been notified about this Expression of Concern.
