The journal retracts the article titled “Research on Dynamic Optimization and Control Mechanism of Intelligent Photoelectric Lighting in Expressway Tunnel” [1], cited above.

Following publication, concerns were brought to the attention of the Editorial Office regarding an overlap between this publication [1] and a previously published article [2] by a different group of authors in another language.

In accordance with the journal’s standard procedures, the Editorial Office and Editorial Board conducted an investigation that confirmed extensive overlap between the two publications [1,2], without appropriate citation or acknowledgment of the earlier work.

Given the extent of the overlap, the authors and the Editorial Board have agreed to retract this publication, in accordance with MDPI’s retraction policy.

This retraction was approved by the Editor-in-Chief of the journal *Electronics*.

The authors have been informed of this retraction and have indicated their agreement with this decision.
