Kurzfassungen der Vorträge und Poster der
21. Wissenschaftlichen Tagung der
Österreichischen Pharmazeutischen
Gesellschaft (ÖPhG),
16. bis 18. April 2009, Wien, Österreich

Abstracts of the Lectures and Posters of the
21st Scientific Congress of the
Austrian Pharmaceutical Society (ÖPhG),
April 16th–18th 2009, Vienna, Austria

Sehr geehrte Tagungsteilnehmerinnen und –teilnehmer!

Die Österreichische Pharmazeutische Gesellschaft heißt Sie herzlich willkommen zu ihrem 21. Wissenschaftlichen Kongress in Wien!

Im vorliegenden Heft der „Scientia Pharmaceutica“ finden Sie die Kurzfassungen der Tagungsbeiträge. Ich danke allen, die ihre Manuskripte rechtzeitig eingesendet haben, sowie besonders der Schriftleitung, Redaktion und allen, die eine Präsentation der Abstracts in diesem Heft der „Scientia Pharmaceutica“ ermöglicht haben.

Seit der Online-Verfügbarkeit hat das Interesse an unserer Zeitschrift, dem wissenschaftlichen Organ der Österreichischen Apothekerkammer und der Österreichischen Pharmazeutischen Gesellschaft, weltweit enorm zugenommen.

Wir laden Sie herzlich ein, auch Ihre Beiträge (wieder) zur Publikation an die „Scientia Pharmaceutica“ zu senden.

Wir wünschen Ihnen einen erfolgreichen und erfreulichen Kongress in Wien!

**Hermann Stuppner
Präsident der Österreichischen Pharmazeutischen Gesellschaft**

Dear Participants,

The Austrian Pharmaceutical Society heartily welcomes all participants of our 21st Scientific Conference here in Vienna!

The present issue of „Scientia Pharmaceutica“ contains the abstracts of all the contributions to this meeting. I want to thank all of you, who submitted the manuscripts in time, as well as the Editorial Board of „Scientia Pharmaceutica“, and everybody, who made it possible to present this issue for the benefit of the participants.

Since „Scientia Pharmaceutica“, the Austrian Journal of Pharmaceutical Science, is available online now, its readership has increased enormously, and you are cordially invited to submit your manuscripts (again).

I hope you enjoy reading and finding your contributions in our journal, and I wish you a fruitful congress in Vienna!

**Hermann Stuppner
President of the Austrian Pharmaceutical Society**

Plenarvorträge (PL)

Plenary Lectures (PL)

- PL-01 Pharmacognosy 163
Gender Medicine and Frankincense: Novel Findings in Inflammation Research
O. Werz
- PL-02 Pharmacognosy 164
Natural Product Drug Discovery for a Worldwide Pathogen, the Intracellular Bacterium *Chlamydia pneumoniae*
P. M. Vuorela
- PL-03 Pharmaceutical Chemistry 165
Targeting Proteinkinases: The Selectivity Problem
S. Laufer, G. Ahrens, S. Karcher, R. Niess, J. Hering
- PL-04 Pharmaceutical Technology 166
Nanotechnologies for the Delivery of Nucleic Acids and Contrast Agents
E. Fattal
- PL-05 Pharmacology 167
From Gene- and Protein Expression Patterns to Biological Mechanisms: -omics in Pharmacology and Toxicology
C. Gerner, A. Slany, J. Drach, T. Mohr, V. Paulitschke, M. Micksche

Kurzvorträge (SL)

Short Lectures (SL)

- SL-01 Pharmaceutical Chemistry 168
New Selectors Based on Ligand-Exchange for Enantioseparation by Capillary Electrophoresis
M. G. Schmid, H. Hödl, G. Gübitz
- SL-02 Pharmaceutical Chemistry 169
HPLC-ESI-MS/MS Assay for Quantitative Metabolic Profiling in Fermentation Broths from β -Lactam Antibiotics Production
PM. Lämmerhofer, S. Schiesel, B. Preinerstorfer, W. Lindner
- SL-03 Pharmaceutical Chemistry 170
How to Deal with Ion Suppression – the Foe of HPLC-MS/MS
C. Seger, A. Griesmacher
- SL-04 Pharmaceutical Chemistry 171
Targeted Delivery of siRNA to Tumor Cells with Designed Ankyrin Repeat Protein Nanocomplexes
J. Winkler, U. Zangemeister-Wittke
- SL-05 Pharmacognosy 172
Discovery of Chemosensitizing Flavonoids from *Eriobotrya japonica* Using *in silico* and HPLC-SPE-NMR Techniques
P. H. Pfisterer, P. Schneider, A. Rudy, J. M. Rollinger, A. M. Vollmar, H. Stuppner
- SL-06 Pharmacognosy 173
LC-MS-MS Can Distinguish Between Toxic and Non-Toxic Pyrrolizidine Alkaloids in Plants
J. N. Eloff, M. Rösemann
- SL-07 Pharmaceutical Chemistry 174
Speeding Up Pharmaceutical U-HPLC Method Development with an Integrated, Ultrafast Automated Method Scouting Solution
H. Herrmann, S. Ghirlanda, F. Steiner, R. Swart
- SL-08 Pharmacognosy 175
UPLC Analysis of Herbal Plant Extracts
H. U. Kuffner
- SL-09 Pharmaceutical Technology 176
Increased Skin Permeation of Acyclovir by Incorporation into Chitosan-Tripolyphosphate Nanoparticles
A. Hasanovic, C. Valenta

SL-10	Pharmaceutical Technology	177
Cyclodextrins as Natural Co-Stabilising Agents in Submicron Emulsions		
V. Klang, C. Valenta		
SL-11	Pharmaceutical Technology	178
An Acoustically-Driven Biochip: Particle-Cell In-teractions Under Physiological Flow Conditions		
C. Fillafer, G. Ratzinger, J. Neumann, S. Dissauer, M. Wirth, F. Gabor, M. Schneider		
SL-12	Pharmaceutical Technology	179
Pluronic® F-68 Enhances the Nanoparticle-Cell Interaction		
V. Kerleta, I. Andriik, M. Schneider, T. Franke, M. Wirth, F. Gabor		
SL-13	Pharmacognosy	180
Validation of Fluorimetric Assay of Histone Deacetylase for Inhibitors from Plant Origin		
S. M. Krasteva, L. Krenn		
SL-14	Pharmaceutical Chemistry	181
Using Multiple Approaches in Docking Pose Evaluation – Application to the GABA_A Receptor		
L. Richter, M. Ernst, W. Sieghart, G. F. Ecker		
SL-15	Pharmaceutical Technology	182
Nucleofection® & other Technologies Enabling Advances in Pharmaceutical Research		
K. J. Mobbs, N. Faust
