

Supplementary Material

Figure S1. High-resolution mass spectrum of compound corresponding to peak 1, negative mode.

Figure S2. High-resolution mass spectrum of compound corresponding to peak 2, negative mode.

Figure S3. High-resolution mass spectrum of compound corresponding to peak 3, negative mode.

Figure S4. High-resolution mass spectrum of compound corresponding to peak 4, negative mode.

Figure S5. High-resolution mass spectrum of compound corresponding to peak 5, negative mode.

Figure S6. High-resolution mass spectrum of compound corresponding to peak 6, negative mode.

Figure S7. High-resolution mass spectrum of compound corresponding to peak 7, negative mode.
