The authors wish to make the following correction to the paper by Deuchar and Stammers [1]. Table 1 (p. 7):

Table 1. Definitions vs. hypotheses: Poplack and Meechan vs. Myers-Scotton.

Lone Other-Language Items	Definitions of Borrowings/Switches	Hypotheses
Poplack and Meechan	<i>Linguistically integrated/not linguistically integrated</i>	<u>Borrowings more frequent than switches</u>
Myers-Scotton	<u>More frequent/less frequent</u>	<i>Borrowings less integrated than switches</i>

should be replaced by:

Table 2. Definitions vs. hypotheses: Poplack and Meechan [2] vs. Myers-Scotton [3].

Lone Other-Language Items	Definitions of Borrowings/Switches	Hypotheses
Poplack and Meechan	<i>Linguistically integrated/not linguistically integrated</i>	<u>Borrowings more frequent than switches</u>
Myers-Scotton	<u>More frequent/less frequent</u>	<i>Borrowings more integrated than switches</i>

These changes have no material impact on the conclusions of the paper. The authors would like to apologize for any inconvenience caused to the readers by these changes.
