Error in Figure

In the original publication [1], there was a mistake in Figure 3 as published. The original publication had two typos under additional records; first, the 'Council Minutes and faculty minutes' were stated to be 609 instead of 270; second, the total 'Additional records identified through other sources' were stated as being 867 instead of 418. The corrected **Figure 3** appears below.

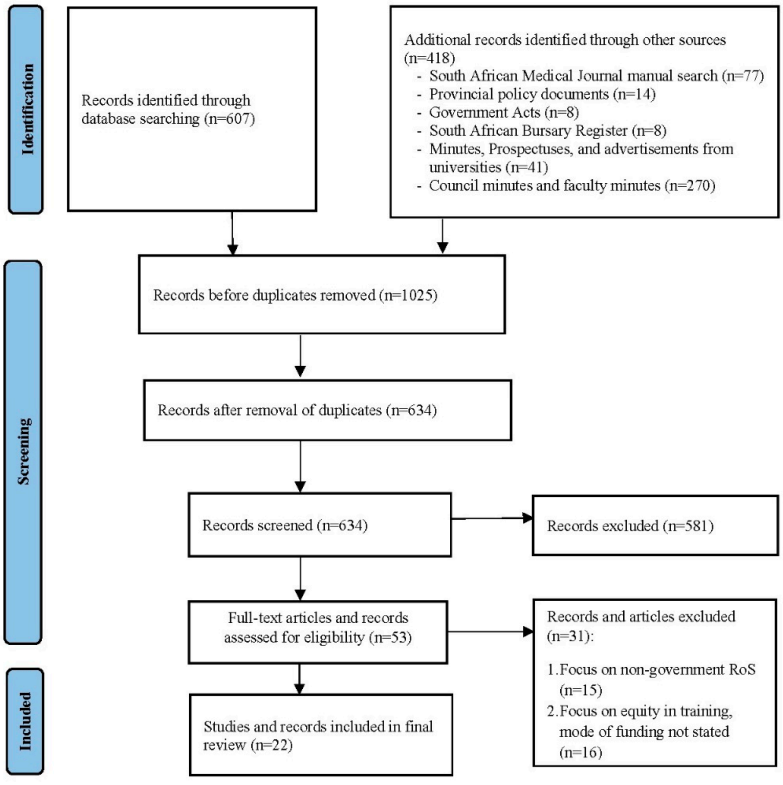

Figure 3. Corrected flow chart—identification of records via electronic databases and manual searches.
