File S1. STROBE Checklist for Cross-Sectional Studies

Study title: **Oral health status, behavior and knowledge of patients with cardiovascular disease and associated risk factors in Odisha: a cross-sectional survey**

Item	Recommendation	Reported in manuscript (page/section)
Title & Abstract	Indicate the study design in the title/abstract; provide informative abstract	Title page; Abstract
Introduction - Background/rationale	Explain background/rationale	Introduction, p. 2–3
Introduction - Objectives	State objectives	Aims & objectives, p. 4
Methods - Study design	Present study design	Methods, 3.1 Participant Selection
Methods - Setting	Describe setting, locations, relevant dates	Methods, 3.1 & 3.2
Methods - Participants	Eligibility criteria, sources/methods of selection	Methods, 3.1
Methods - Variables	Define all outcomes, exposures, predictors	Methods, 3.3 Questionnaire Tool
Methods - Data sources/measurement	Describe data sources/measurement	Methods, 3.2–3.3
Methods - Bias	Efforts to address bias	Methods, 3.1–3.3 (informed consent, pilot validation)
Methods - Study size	Explain how study size was arrived at	Methods, 3.4 Sample Size
Methods - Quantitative variables	Explain handling of quantitative variables	Methods, 3.3–3.5
Methods - Statistical methods	Describe all statistical methods	Methods, 3.5 Data Analysis
Results - Participants	Report numbers at each stage	Results, 4.1 Demographic Status
Results - Descriptive data	Provide participant characteristics, missing data	Results, 4.1–4.3
Results - Outcome data	Report outcome data	Results, 4.2–4.3
Results - Main results	Unadjusted and adjusted estimates with CI	Results, 4.4–4.6; regression paragraph
Results - Other analyses	Report subgroup/sensitivity analyses	Results, 4.6 (sensitivity analysis)
Discussion - Key results	Summarize key results	Discussion, p. 19–21
Discussion - Limitations	Discuss study limitations	Discussion, p. 20
Discussion - Interpretation	Provide interpretation	Discussion, p. 19–21
Discussion - Generalisability	Discuss generalisability	Discussion, p. 20

Other - Funding	Report funding source	Funding statement
Other - Ethical approval	Report ethics approval	Methods, 3.1 (IEC Registration)
Other - Conflicts of interest	Disclose conflicts of interest	Conflict of Interest statement
