

# Exercise but Not Supplemental Dietary Tryptophan Influences Heart Rate and Respiratory Rate in Sled Dogs

Emma Thornton, James R. Templeman, Michael Bower, John P. Cant, Graham P. Holloway and Anna K. Shoveller

**Figure S1.** Respective electrode placement for non-invasive recording of HR (A) and placement of a custom fit respiratory band on the dogs' thoraxes to non-invasively record RR (B) during rest, working, and post-exercise training levels.
