

Table S1. Location and details of experimental plots for field screening

1	Location	M/S I & B Seeds
2	Season	3 seasons 2 years
3	Crop	Tomato
4	Design	Randomized Block Design
5	Number of treatments	5
6	Number of replications	4
7	Plot size	7.2 m x 5 m
8	Type of layout for transplantation	Ridges and furrow

Figure S1. Field layout of the tomato accessions for screening against *P. absoluta* resistance
