

Supplementary material 1

Effects of dietary supplementation of *M. oleifera* and *A. indica* on behavior response, growth performance, hepato-renal functions, and hematological profile

Dietary supplementation	parameters				
	Behavior responses	Growth metrics	Liver functions	Kidney functions	Hematological profile
<i>M. oleifera</i> dietary supplementation (%)					
0	-	-	-	-	-
3	-	-	-	-	-
6	-	-	-	-	-
9	-	-	+	+	+
12	-	-	+	+	+
15	-	+	+	+	+
<i>A. indica</i> dietary supplementation (%)					
0	-	-	-	-	-
0.5	-	-	-	-	-
1	-	-	-	-	-
1.5	-	-	+	+	++
2	-	+	++	++	++
2.5	-	+	+++	+++	+++

Not affected (-), mild affected (+), moderate affected (++) , severely affected (+++).
