

## Editorial

# Statement of Peer Review <sup>†</sup>

Ioannis Kakkos \* and Dimitrios Glotsos 

Department of Biomedical Engineering, University of West Attica, 12243 Athens, Greece; dimglo@uniwa.gr

\* Correspondence: ikakkos@uniwa.gr

<sup>†</sup> All papers published in the volume are presented at the Advances in Biomedical Sciences, Engineering and Technology (ABSET) conference, Athens, Greece, 10–11 June 2023.

In submitting conference proceedings to *Engineering Proceedings*, the volume editors of the proceedings certify to the publisher that all papers published in this volume have been subjected to peer review administered by the volume editors. Reviews were conducted by expert referees to the professional and scientific standards expected of a proceedings journal.

- Type of peer review: double-blind.
- Conference submission management system: online submission via the conference site.
- Number of submissions sent for review: 15.
- Number of submissions accepted: 14.
- Acceptance rate (number of submissions accepted/number of submissions received): 93%.
- Average number of reviews per paper: 2–3.
- Total number of reviewers involved: 27.
- Any additional information on the review process: Registered authors with accepted abstracts who will be presenting at the Conference may submit the full paper version of their work to undergo a second peer-review. If the second peer-review is successful, the full paper may be published as part of the Conference Proceedings.

**Conflicts of Interest:** The authors declare no conflicts of interest.

**Disclaimer/Publisher's Note:** The statements, opinions and data contained in all publications are solely those of the individual author(s) and contributor(s) and not of MDPI and/or the editor(s). MDPI and/or the editor(s) disclaim responsibility for any injury to people or property resulting from any ideas, methods, instructions or products referred to in the content.
