[†] All papers published in the volume are presented at E-Textiles 2023: 5th International Conference on the Challenges, Opportunities, Innovations and Applications in Electronic Textiles, Ghent, Belgium, 14–16th November 2023.

In submitting conference proceedings to MDPI *Engineering Proceedings*, the volume editors of the proceedings certify to the publisher that all papers published in this volume have been subjected to peer review administered by the volume editors. The reviews were conducted by expert referees to the professional and scientific standards expected of a proceedings journal.

- Type of peer review: Open peer review
- Conference submission management system: ConfTool
- Number of submissions sent for review: 76
- Number of submissions accepted: 59 (22 oral, 37 posters)
- Acceptance rate (number of submissions accepted/number of submissions received): 78% overall, 29% oral.
- Average number of reviews per paper: 3
- Total number of reviewers involved: 34
- Any additional information on the review process: None.

Funding: This research received no external funding.

Conflicts of Interest: The authors declare no conflict of interest.
