† All papers published in this volume is presented at the 4th International Conference on Future Technologies in Manufacturing, Automation, Design and Energy 2024 (ICOFT 2024), Karaikal, India, 12–13 November 2024.

In submitting conference proceedings to *Engineering Proceedings*, the volume editors of the proceedings certify to the publisher that all papers published in this volume have been subjected to peer review administered by the volume editors. Reviews were conducted by expert referees to the professional and scientific standards expected of a proceedings journal.

- Type of peer review: double blind;
- Conference submission management system: Microsoft CMT;
- Number of submissions sent for review: 19;
- Number of submissions accepted: 16;
- Acceptance rate (number of submissions accepted/number of submissions received): 84%;
- Average number of reviews per paper: two;
- Total number of reviewers involved: 53;
- Any additional information on the review process: Not applicable.

Conflicts of Interest: Author Murali Mohan Cheepu was employed by the company STARWELDS Inc. The remaining authors declare that the research was conducted in the absence of any commercial or financial relationships that could be construed as a potential conflict of interest.

Disclaimer/Publisher's Note: The statements, opinions and data contained in all publications are solely those of the individual author(s) and contributor(s) and not of MDPI and/or the editor(s). MDPI and/or the editor(s) disclaim responsibility for any injury to people or property resulting from any ideas, methods, instructions or products referred to in the content.
