- [†] Presented at the 4th International Online Conference on Nanomaterials, 5–19 May 2023; Available online: <https://iocn2023.sciforum.net/>.

In submitting conference proceedings to *Materials Proceedings*, the volume editors of the proceedings certify to the publisher that all papers published in this volume have been subjected to peer review administered by the volume editors. Reviews were conducted by expert referees to the professional and scientific standards expected of a proceedings journal.

- Type of peer review: single-blind
- Conference submission management system: Sciforum
- Number of submissions sent for review: 172
- Number of submissions accepted: 110
- Number of submissions Published: 76
- Acceptance rate (number of submissions accepted/number of submissions received): 0.64
- Average number of reviews per paper: 1
- Total number of reviewers involved: 18
- Any additional information on the review process: N/A

Conflicts of Interest: The authors declare no conflict of interest.

Disclaimer/Publisher's Note: The statements, opinions and data contained in all publications are solely those of the individual author(s) and contributor(s) and not of MDPI and/or the editor(s). MDPI and/or the editor(s) disclaim responsibility for any injury to people or property resulting from any ideas, methods, instructions or products referred to in the content.
