Statement of Peer Review †

José David Flores-Félix

Department of Microbiology and Genetics, University of Salamanca, 37007 Salamanca, Spain; jdflores@usal.es

† Presented at the 4th International Electronic Conference on Agronomy, 2–5 December 2024; Available online: https://sciforum.net/event/IECAG2024.

In submitting conference proceedings to *Biology and Life Sciences Forum*, the volume editors of the proceedings certify to the publisher that all papers published in this volume have been subjected to peer review administered by the volume editors. Reviews were conducted by expert referees to the professional and scientific standards expected of a proceedings journal.

- Type of peer review: single-blind peer-review
- Conference submission management system: Susy
- Number of submissions sent for review: 20
- Number of submissions accepted: 11
- Acceptance rate (number of submissions accepted/number of submissions received): 0.55
- Average number of reviews per paper: 1.65
- Total number of reviewers involved: 33
- Peer-review process and regulations: The review was conducted in a single-blind manner, with the entire procedure carried out through the MDPI Susy platform. At least one review report was collected for each paper, and the evaluations were carried out by qualified independent experts. The authors made sufficient revisions based on the review reports. The final decision was made by the chairs of the conference.

Conflicts of Interest: The author declares no conflict of interest.

Disclaimer/Publisher's Note: The statements, opinions and data contained in all publications are solely those of the individual author(s) and contributor(s) and not of MDPI and/or the editor(s). MDPI and/or the editor(s) disclaim responsibility for any injury to people or property resulting from any ideas, methods, instructions or products referred to in the content.
