Bone Diagenesis in Short Timescales: Insights from an Exploratory Proteomic Analysis

[Contents]:

Fig. S1. **A)** Monthly temperatures collected at the HuddersFIELD site and **B)** average monthly rainfall at the HuddersFIELD site during the field experiment

Data S1. Progenesis protein exported tables with relative abundances for proteins used for PCA plots and ANOVA p and q values.

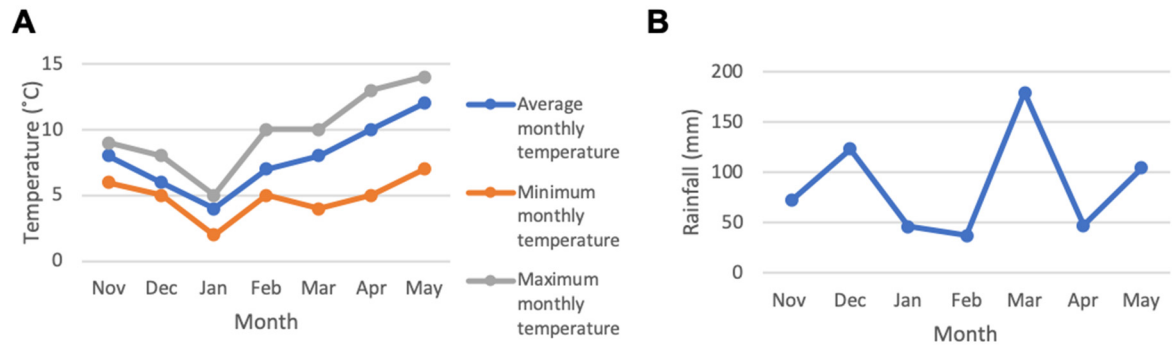

Figure S-1. A) Monthly temperatures collected at the HuddersFIELD site and B) average monthly rainfall at the HuddersFIELD site during the field experiment.
