

Supplementary material.

Table S1. Presence of efflux pump genes in *S. maltophilia* isolates ($n=94$).

93	94/2013	+	- (-)	+	-	+	+	+	+	+	+	+
94	95/2013	+	- (-)	- (-)	+	+	+	+	+	+	+	+

+, positive result of gene amplification; -, negative result of gene amplification.

^aFor negative results of efflux pump gene amplification, the reaction was repeated with new primers (results in parentheses).
