

List of Supplemental Files

1. **Supplemental S1:** Traffic light plot of the risk of bias assessment
2. **Supplemental S2:** Forest plot of the prevalence of all nomophobia symptoms
3. **Supplemental S3:** Funnel plot of the prevalence of all nomophobia symptoms
4. **Supplemental S4:** Galbraith plot of the prevalence of all nomophobia symptoms
5. **Supplemental S5:** DOI plot of the prevalence of all nomophobia symptoms
6. **Supplemental S6:** Subgroup forest plot of the prevalence of all nomophobia symptoms by country
7. **Supplemental S7:** Subgroup forest plot of the prevalence of all nomophobia symptoms by culture
8. **Supplemental S8:** Subgroup forest plot of the prevalence of all nomophobia symptoms by population
9. **Supplemental S9:** Subgroup forest plot of the prevalence of all nomophobia symptoms by tool
10. **Supplemental S10:** Subgroup forest plot of the prevalence of all nomophobia symptoms by year of data collection
11. **Supplemental S11:** Forest plot of the prevalence of mild nomophobia symptoms
12. **Supplemental S12:** Subgroup forest plot of the prevalence of mild nomophobia symptoms by country
13. **Supplemental S13:** Subgroup forest plot of the prevalence of mild nomophobia symptoms by culture
14. **Supplemental S14:** Subgroup forest plot of the prevalence of mild nomophobia symptoms by population
15. **Supplemental S15:** Subgroup forest plot of the prevalence of mild nomophobia symptoms by tool
16. **Supplemental S16:** Subgroup forest plot of the prevalence of mild nomophobia symptoms by year of data collection
17. **Supplemental S17:** Forest plot of the prevalence of moderate nomophobia symptoms
18. **Supplemental S18:** Subgroup forest plot of the prevalence of moderate nomophobia symptoms by country
19. **Supplemental S19:** Subgroup forest plot of the prevalence of moderate nomophobia symptoms by culture
20. **Supplemental S20:** Subgroup forest plot of the prevalence of moderate nomophobia symptoms by population
21. **Supplemental S21:** Subgroup forest plot of the prevalence of moderate nomophobia symptoms by tool
22. **Supplemental S22:** Subgroup forest plot of the prevalence of moderate nomophobia symptoms by year of data collection
23. **Supplemental S23:** Forest plot of the prevalence of severe nomophobia symptoms
24. **Supplemental S24:** Subgroup forest plot of the prevalence of severe nomophobia symptoms by country
25. **Supplemental S25:** Subgroup forest plot of the prevalence of severe nomophobia symptoms by culture
26. **Supplemental S26:** Subgroup forest plot of the prevalence of severe nomophobia symptoms by population
27. **Supplemental S27:** Subgroup forest plot of the prevalence of severe nomophobia symptoms by tool
28. **Supplemental S28:** Subgroup forest plot of the prevalence of severe nomophobia symptoms by year of data collection
