

Supplement Figures:

**Supplementary Materials: Figure 1 Supplement:** Flow chart, including of all patients receiving definitive and trimodality treatment, OMD Non-small cell lung cancer patients = OMDLC patients:  $N = 45 + 7 = 52$ .

**Figure S1:** Flow chart, including of all patients receiving definitive and trimodality treatment, OMD Non-small cell lung cancer patients = OMDLC patients:  $N = 45 + 7 = 52$ .

**Figure S2 (a):** Overall Survival in female [red line 1] and male patients [blue line 0].

**Figure S2 (b):** Overall Survival dependent on ECOG performance status: ECOG 0/1 [blue line 0] and ECOG 2 [red line 1].

**Figure S2 (c):** Overall Survival dependent on presence of severe comorbidity: no higher comorbidities [blue line 0] and severe comorbidities [red line 1].
