

Supplementary material

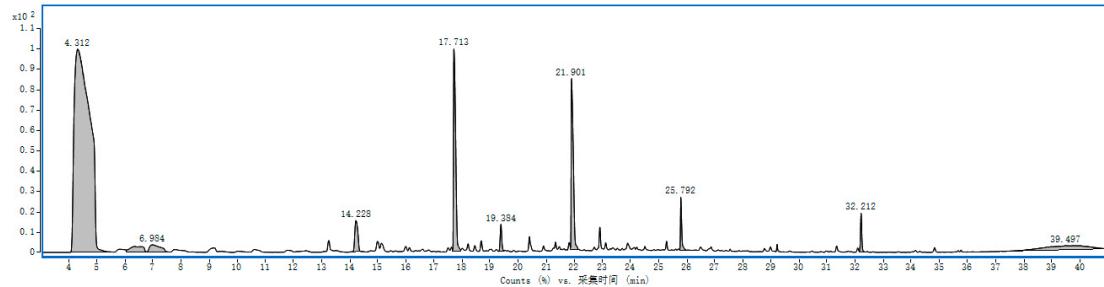

Consumer preference of six Chinese vinegar products and the correlation between these preferences and the volatile profile

Contents:

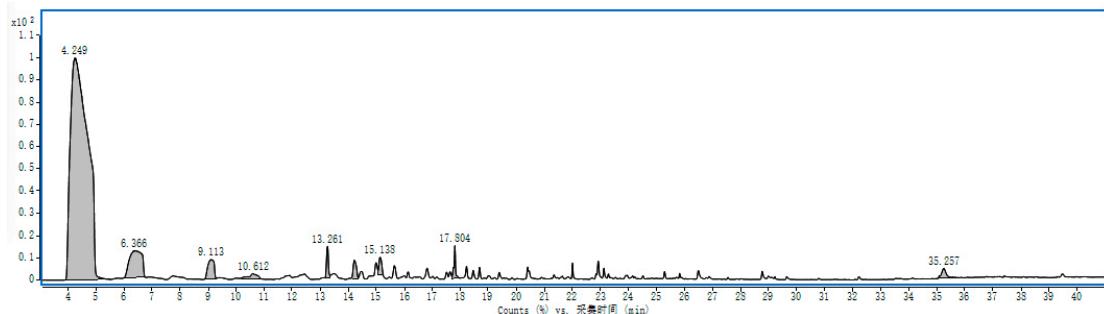

Figure S1. GC–MS total ion chromatograms of Ten-year aged Qian-he cellar vinegar (a), Ning-hua-mansion old vinegar (b), East-lake health vinegar (c), Qian-he glutinous rice vinegar (d), Heng-shun Jinyou balsamic vinegar (e), and potato vinegar (f)

Figure S2. Geographical distribution of respondents

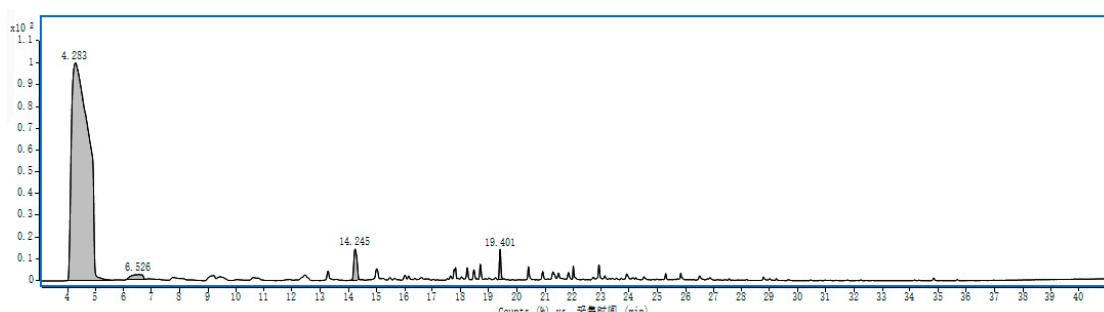

Table S1. Coefficient of PLSR models for each cluster of consumers

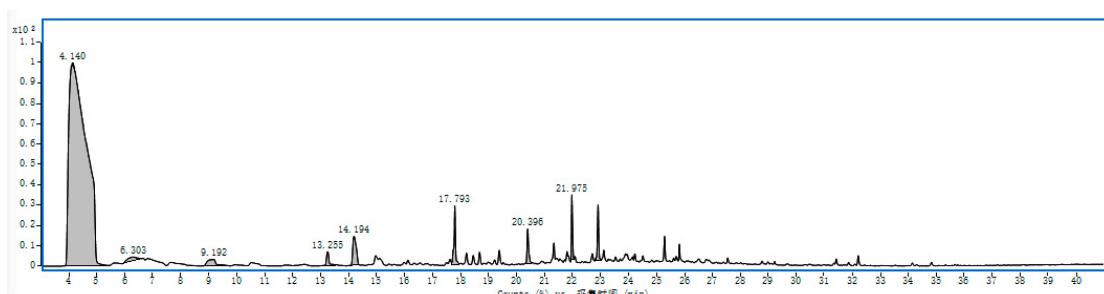

(a)

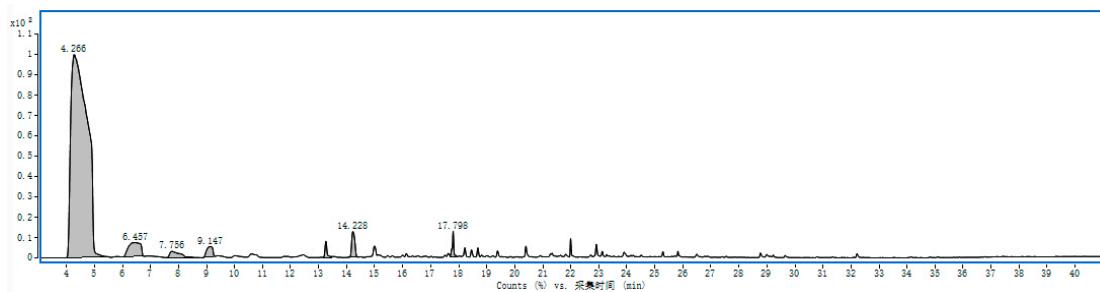

(b)

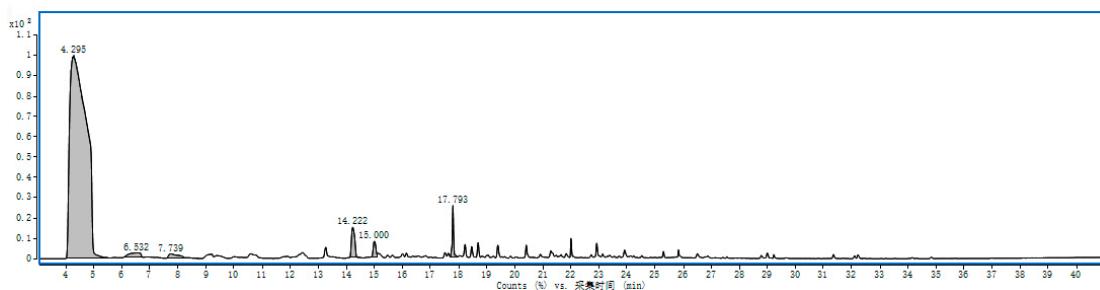

(c)

(d)

(e)

(f)
