Supplementary material

Supplementary Fig.S1: Gene Ontology (GO) enrichment analysis of differentially expressed protein-coding genes targeted by cis-acting (<10 kb) lncRNAs (docx).

Supplementary Fig.S2: Gene Ontology (GO) enrichment analysis of differentially expressed protein-coding genes targeted by cis-acting (<100 kb) lncRNAs (docx).

Supplementary Fig.S3: Gene Ontology (GO) enrichment analysis of differentially expressed protein-coding genes targeted by trans-acting lncRNAs (docx).

Supplementary Fig.S4: Gene Ontology (GO) enrichment analysis of differentially expressed protein-coding genes (docx).

Supplementary file: Sequences of the lncRNAs (docx).

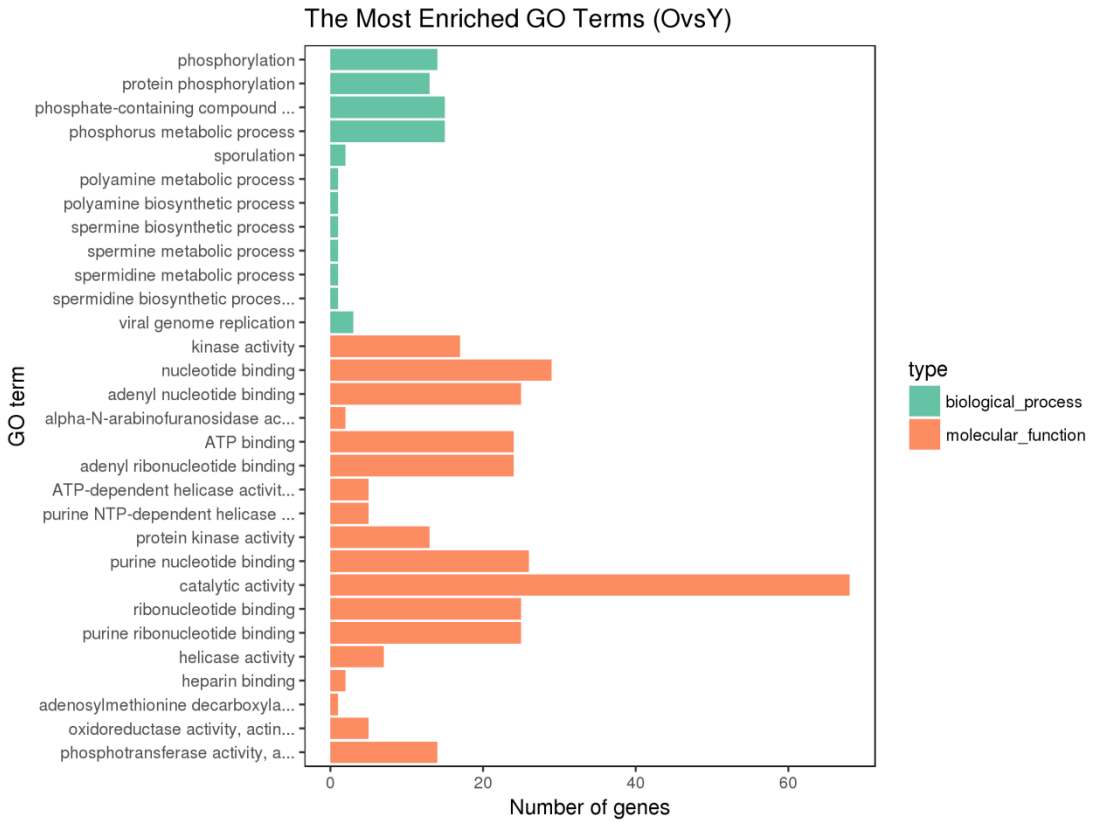

Fig.S1 GO enrichment analysis of differentially expressed protein-coding genes targeted by cis-acting (<10 kb) lncRNAs

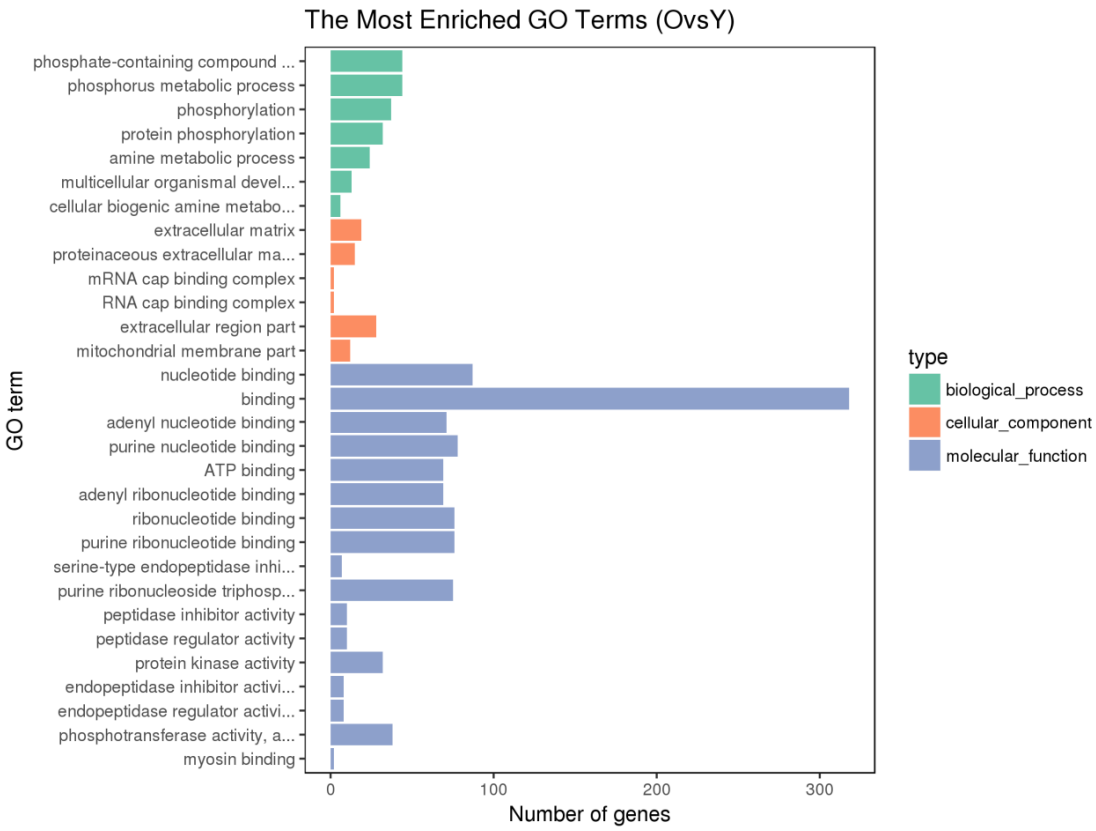

Fig.S2 Gene Ontology (GO) enrichment analysis of differentially expressed protein-coding genes targeted by cis-acting (<100 kb) lncRNAs

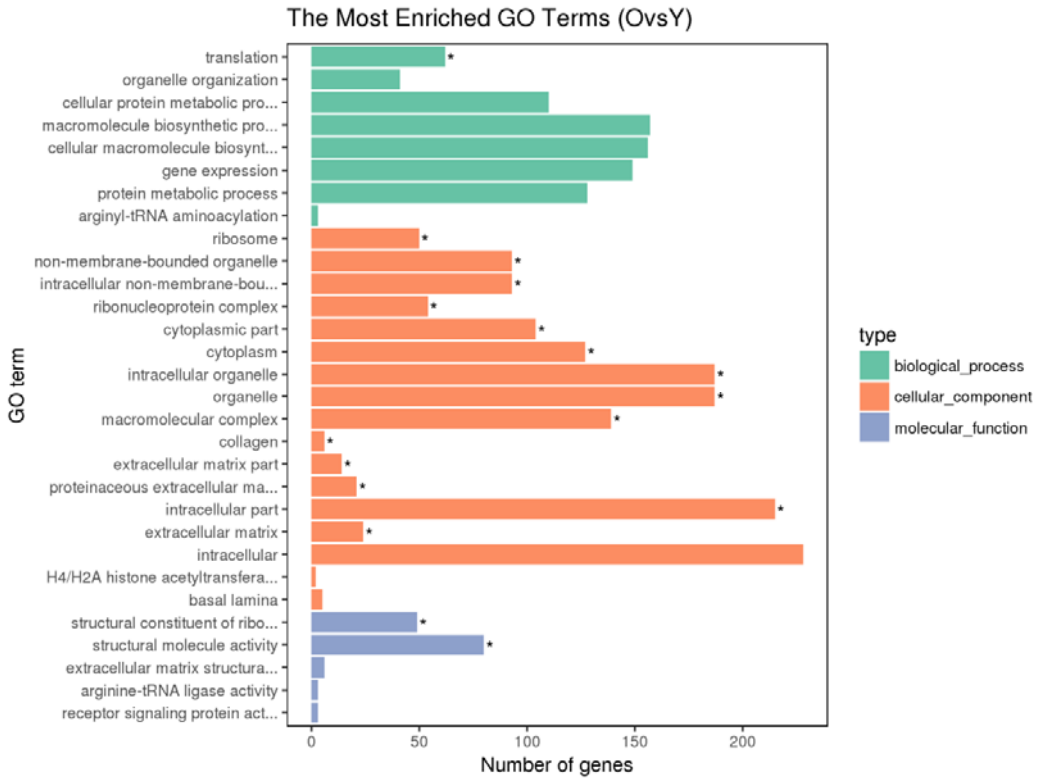

Fig.S3 GO enrichment analysis of differentially expressed protein-coding genes targeted by trans-acting lncRNAs
