Interview-guide

Main question

How is neglect communicated and reported among nursing home staff?

Introduce case studies or questions from survey-instrument if delayed response or difficulties to understand the topic.

Follow-up questions

- What is your response when you discover neglect?
- How do you follow-up when you discover neglect?
- What happens or can happen if you report this? What if you do not report?
- What prevents you from reporting neglect?
- What facilitates reporting neglect at your workplace?
- What written rules/procedures are there for reporting neglect at your workplace?
- What is decisive for whether you report neglect or not?
