

Modificado de TAM (Modelo de Aceptación Tecnológica)

Teniendo en cuenta un dispositivo tecnológico para el envejecimiento en el hogar (por ejemplo un asistente de voz), responde a las siguientes preguntas de 1 (menos o nada de acuerdo) a 5 (totalmente de acuerdo)

| | |
|---|-------|
| Facilidad de uso percibida | |
| 01 Siento que podría usar bien este sistema | |

Modified from TAM (Technology Acceptance Model)

Taking into account a technological device for aging in place (for example a voice assistant), answer the following questions from 1 (less or not at all) to 5 (totally agree)

| | |
|--|-------|
| Perceived ease of use | |
| 01 I feel that I could use this system well | |
