Consent

If you are willing to volunteer for this evaluation, then lets start the survey!

Thank you for participating in ALTER program evaluation. This program evaluation survey's goal is to gain an understanding of how the ALTER program is performing and how the program can better support your church and other churches within the network towards creating dementia-friendly spaces.

The survey is composed of 5 parts: *Required partnership activities and modifications, Offer support resources for care partners and persons living with dementia, Provide or promote church and community education and awareness opportunities, Offer an inclusive and/or modified worship experience at least once a month, Other customized activities*

To help ensure proper evaluation please answer each part and question of the survey to the best of your ability.

Thank you again for your time and participation!
