Figure S1: Healthcare Professional (HCP) Questionnaire

The survey will take approximately 4 minutes to complete.

As part of an ongoing review of the virtual course we would like to take this opportunity to ask you a few questions. This is entirely voluntary with all comments remaining anonymous. It is hoped the results may help identify themes that can be used to inform a service user questionnaire as part of a service evaluation. This will be used to make relevant changes to the course.

Thank you for your time,

Thuvia & Hannah, Clinical Research Fellows, Long COVID Rehabilitation Team
