

Supplementary Figure S1 Expression levels of *bolTLP1* in *bolTLP1* overexpressing transgenic *Arabidopsis* (a) and broccoli (b). CK in (a) and (b) indicated the vector control plants. Line1-9 in (a) indicated the representative independent *35S::bolTLP1* transgenic *Arabidopsis* lines. Line1-11 in (b) indicated the representative independent *35S::bolTLP1* transgenic broccoli lines.
