

Unidad de Investigación en Biomedicina

Research line

Cell signalling in cancer

Lung Diseases And Cancer
Epigenomics

Biochemistry and Bioenergetics

Immunoregulation in parasitic and
chronic-degenerative diseases

Carcinogenesis and toxicology

Tumor immunity

Immunology and host-organism
interactions

Functional genomics of cancer

Experimental immunology and
regulation of hepato-intestinal
inflammation

Integrative genomics and
molecular biology of cancer

Innate Immunity

Director

Luis E. Arias-Romero

Federico Ávila-Moreno

Emma B. Gutiérrez-Cirlos-Madrid

Luis I. Terrazas

Yolanda I. Chirino

Sonia Leon-Cabrera

Araceli Perez-Lopez

Carlos Pérez-Plasencia

José L. Reyes

Felipe Vaca-Paniagua

Miriam Rodríguez-Sosa

Manager

Olga Villamar-Cruz

Leonel Armas-López

Mónica G. Mendoza-Rodríguez

Norma L. Delgado-Buenrostro

Verónica García-Castillo

Imelda Juárez-Avelar

Laboratorio Nacional en Salud: Diagnóstico Molecular y Efecto Ambiental en Enfermedades Crónico-Degenerativas.

Research line

Flow cytometry department

Massive sequencing department

Director

Jonadab E. Olguín

Felipe Vaca-Paniagua

Subdirección de Investigación Básica, Instituto Nacional de Cancerología

Yessenia Sánchez-Pérez

Programa de Doctorado en Ciencias Biomédicas

Antonio Andrade-Meza
