

Figure S1. *TCONS_00323213* is a muscle-specific expression and closely relative to muscle differentiation lncRNA. (A) Real-time quantitative PCR analysis of *TCONS_00323213* expression in 1-week old male pig tissues. (B) Real-time quantitative PCR analysis of *TCONS_00323213* expression during proliferation and differentiation state in primary pig skeletal muscle satellite cells, respectively. Letter P and D represent cells cultured in growth and differentiation medium, respectively. Mean values \pm SD, $n = 3$. * $p < 0.05$, ** $p < 0.01$, *** $p < 0.001$.
