

Supplementary Materials

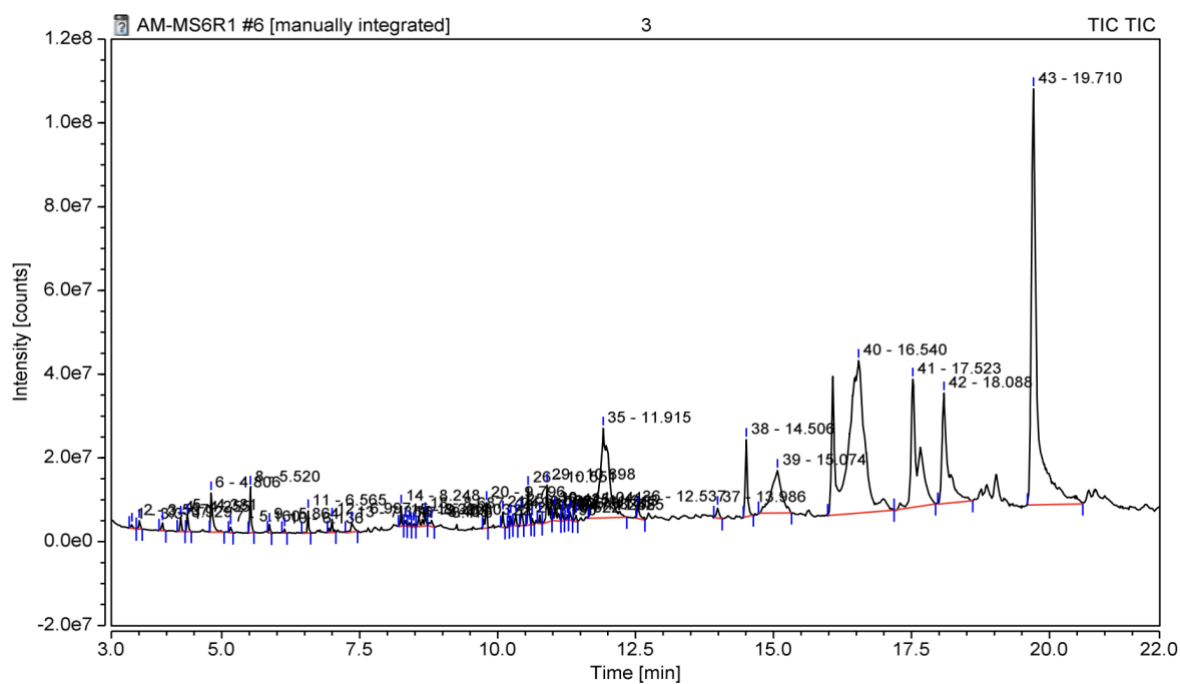

Figure S1: GC-MS chromatograms of ethyl acetate extract of *B. macraei* leaf from the far zone.

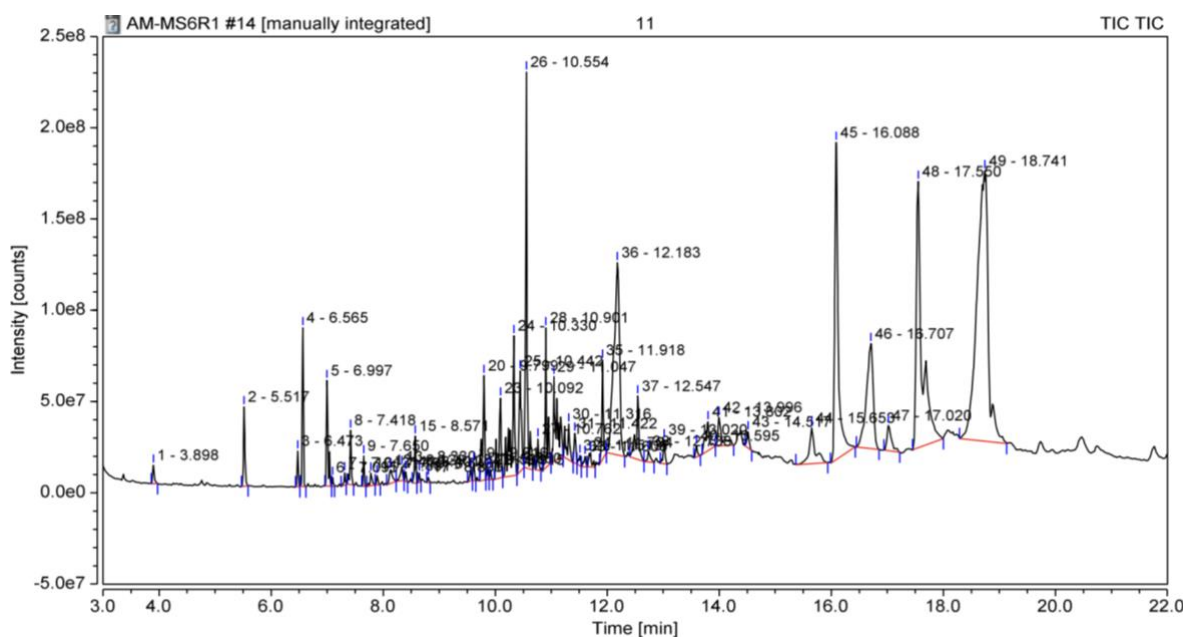

Figure S2: GC-MS chromatograms of ethyl acetate extract of *B. macraei* leaf from the Near zone.

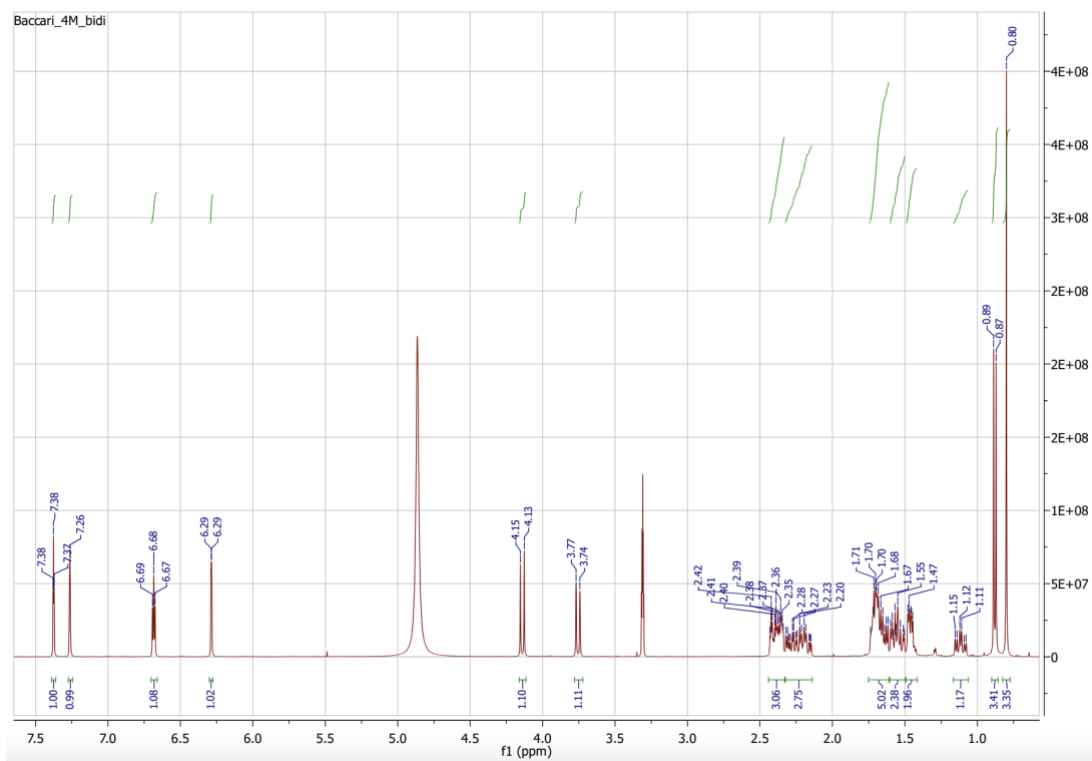

Figure S3: ¹H NMR spectrum for Fraction 4 corresponding to Hautriwaic acid.

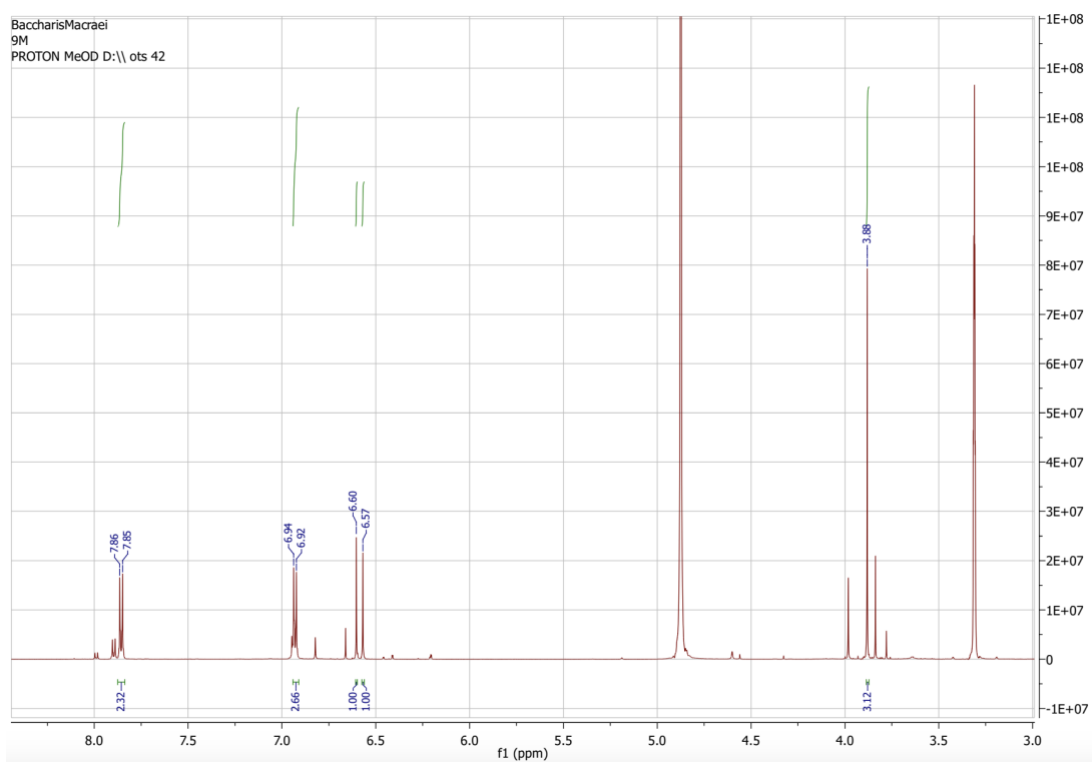

Figure S4: ¹H NMR spectrum for Fraction 9 corresponding to Hispidulin.

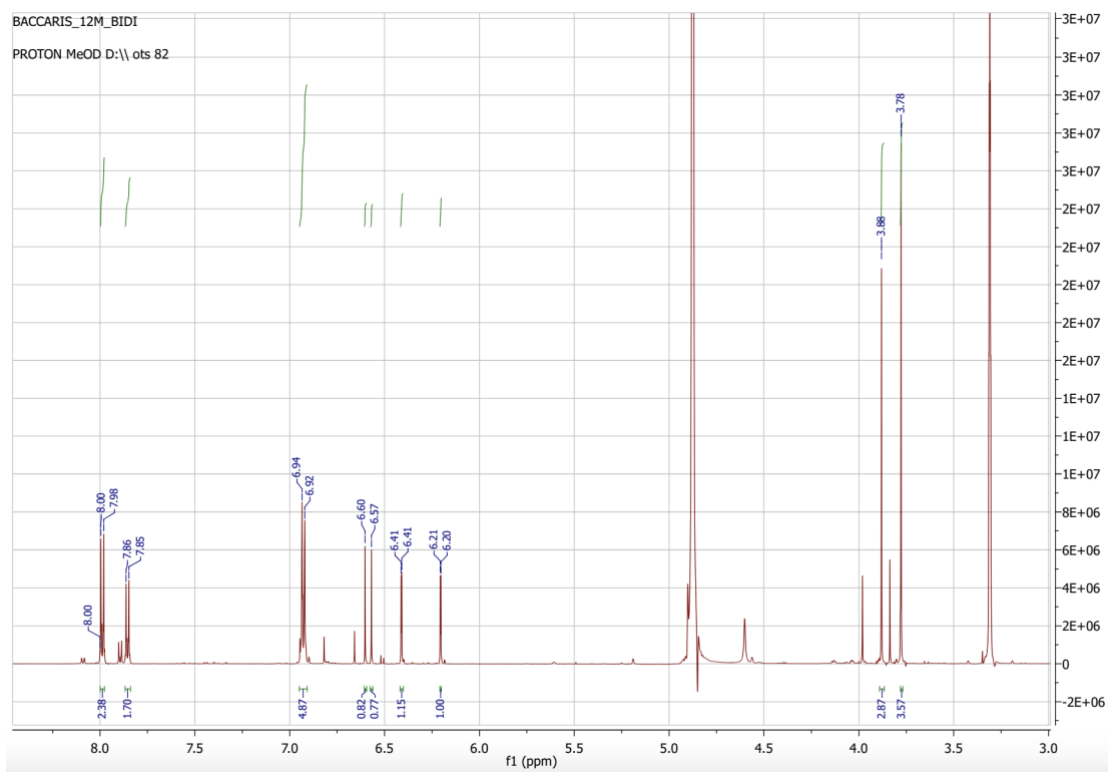

Figure S5: ^1H NMR spectrum for Fraction 12 corresponding to mixture of Hispidulin-Isokaempferida.

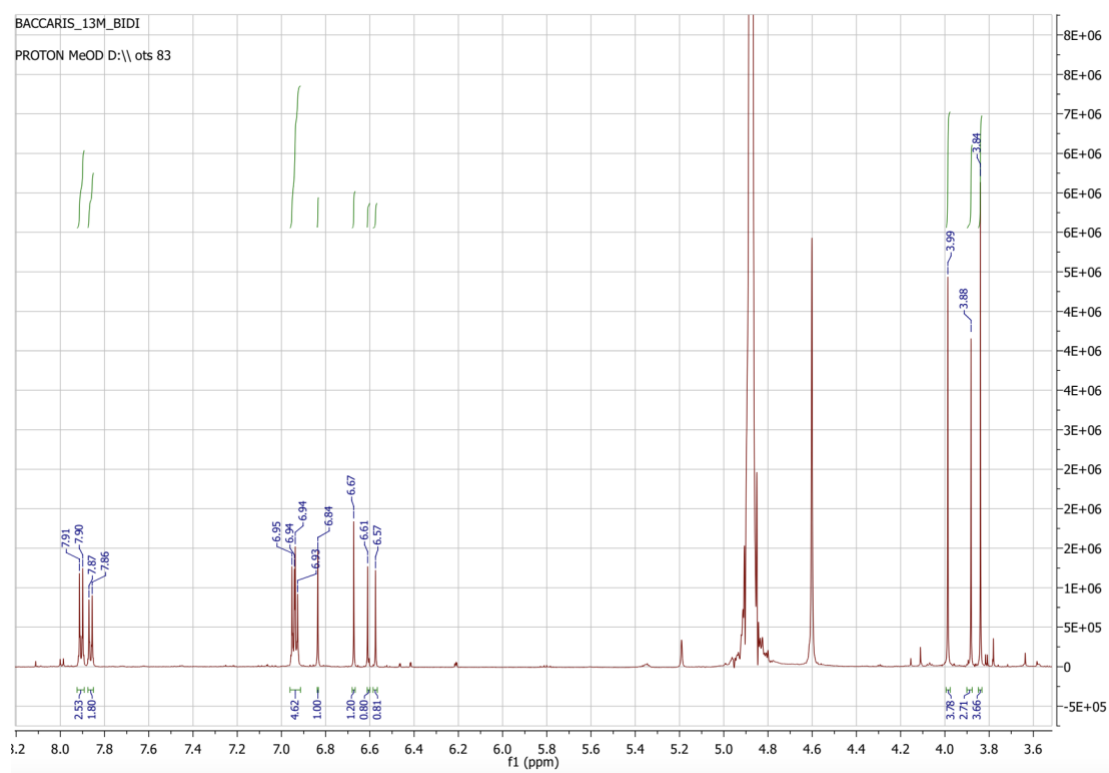

Figure S6: ^1H NMR spectrum for Fraction 13 corresponding to mixture of Hispidulin-Cirsimaritina.

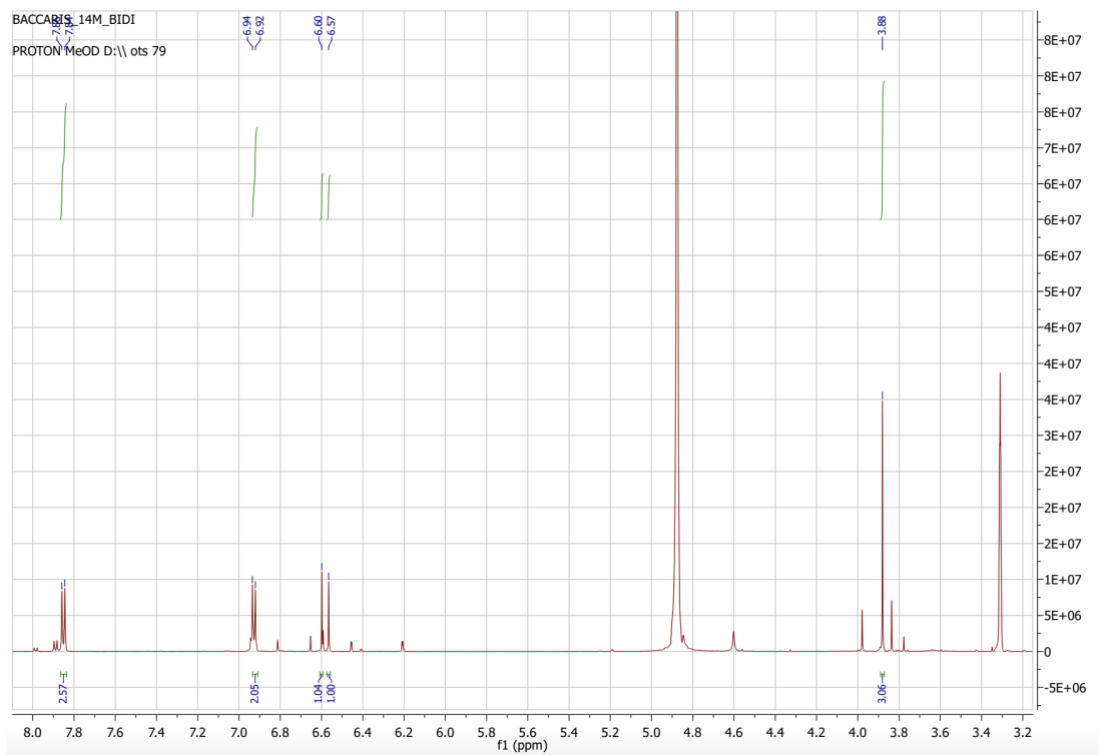

Figure S7: ^1H NMR spectrum for Fraction 13 corresponding to Hispidulin.
