Supplementary material 1. Data distribution for NCSs in MASLD and control group

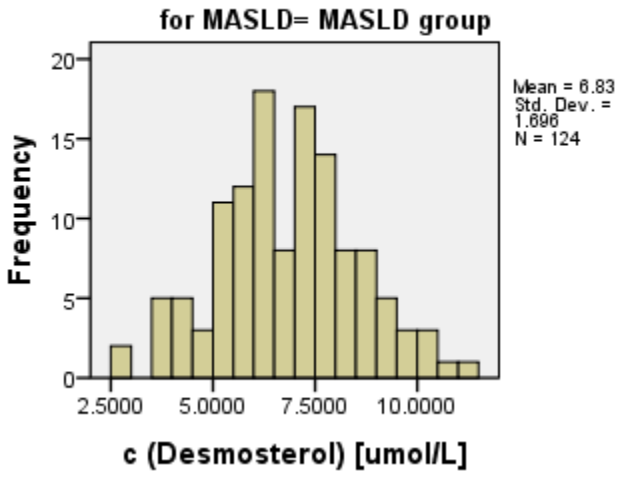

Figure S1.1. Distribution of desmosterol concentrations in the MASLD group

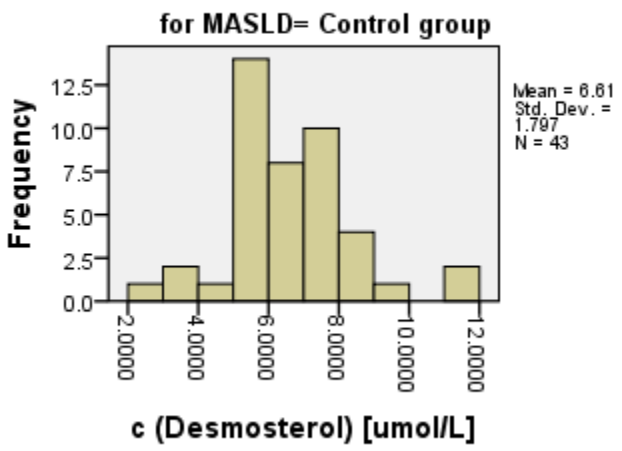

Figure S1.2. Distribution of desmosterol concentrations in the control group

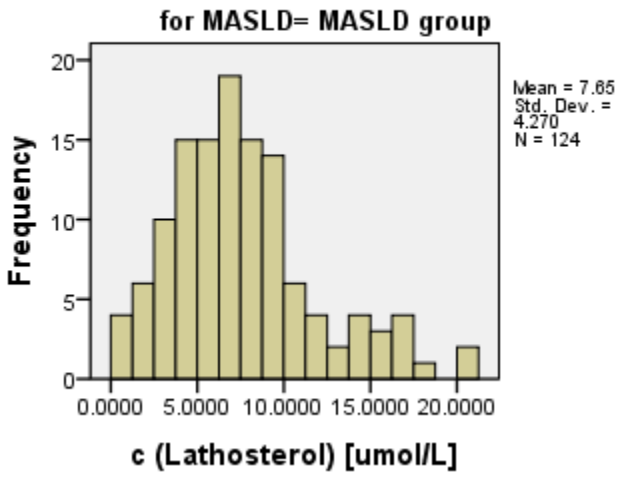

Figure S1.3. Distribution of lathosterol concentrations in the MASLD group

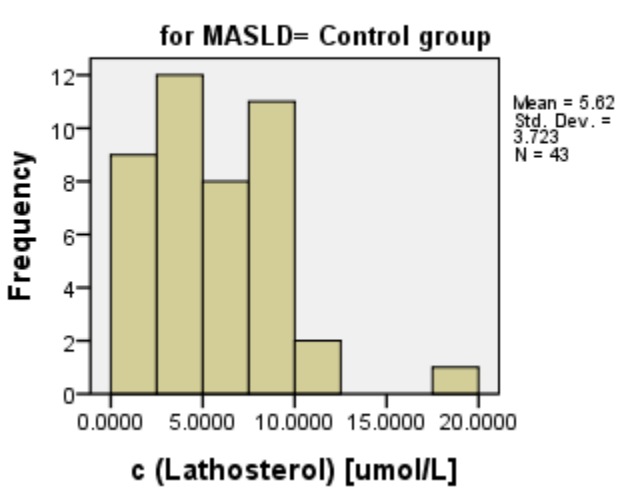

Figure S1.4. Distribution of lathosterol concentrations in the control group

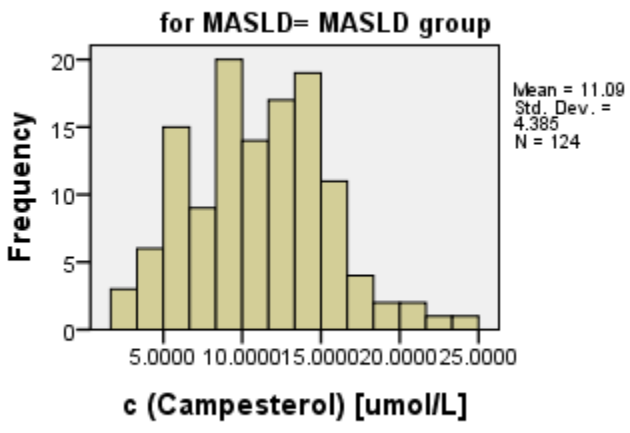

Figure S1.5. Distribution of campesterol concentrations in the MASLD group

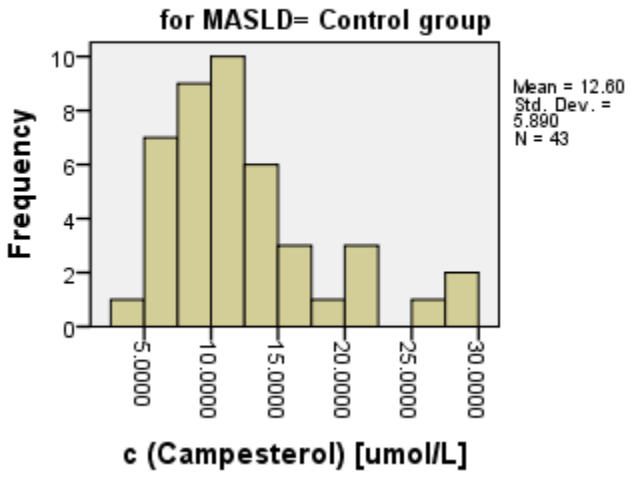

Figure S1.6. Distribution of campesterol concentrations in the control group

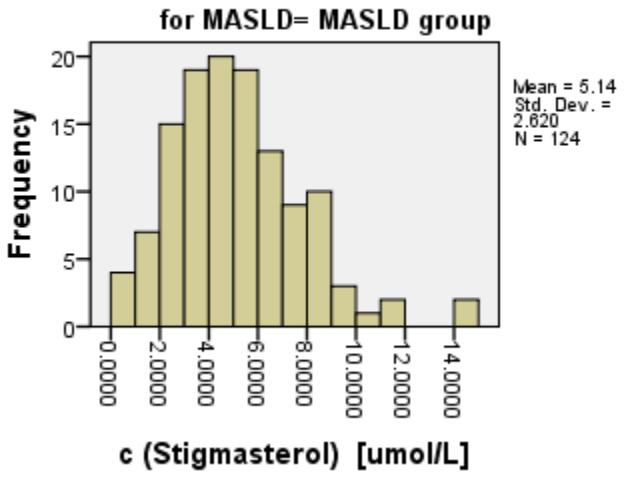

Figure S1.7. Distribution of stigmasterol concentrations in the MASLD group

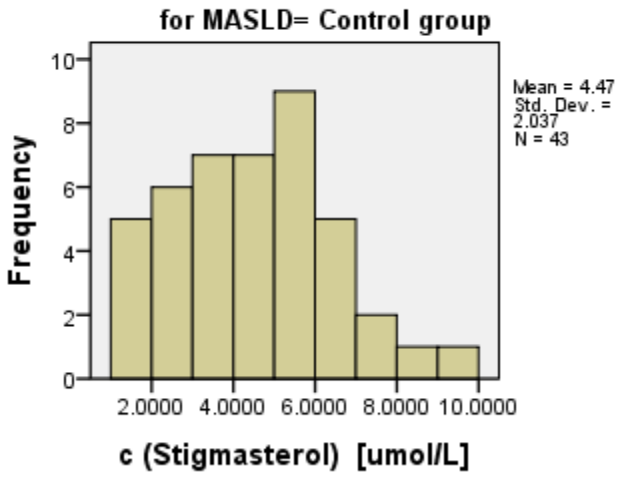

Figure S1.8. Distribution of stigmasterol concentrations in the control group

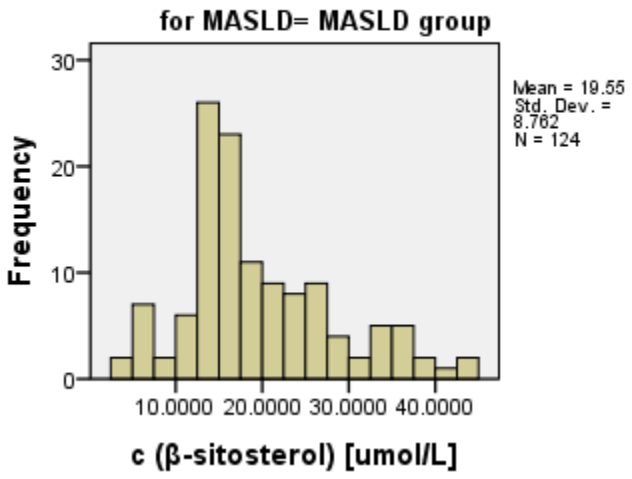

Figure S1.9. Distribution of β-sitosterol concentrations in the MASLD group

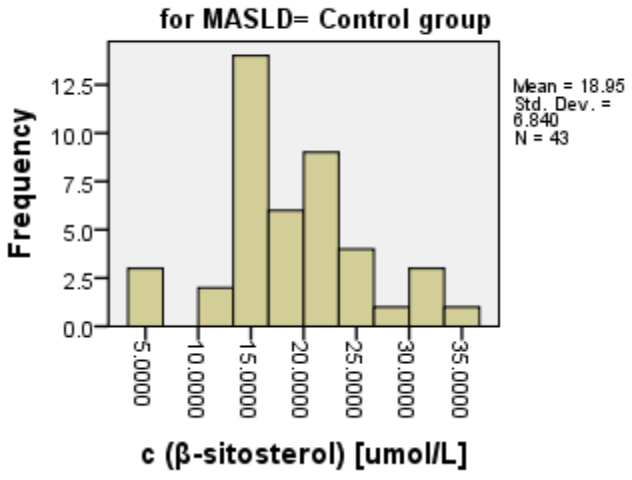

Figure S1.10. Distribution of β-sitosterol concentrations in the control group
