Supplementary material 2. Side-by-side box plots for comparison of NCSs concentrations between the analyzed groups

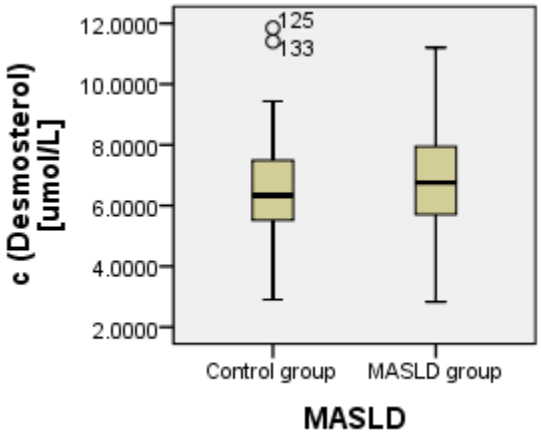

Figure S2.1. Side-by-side boxplots for desmosterol concentrations in the control and MASLD group

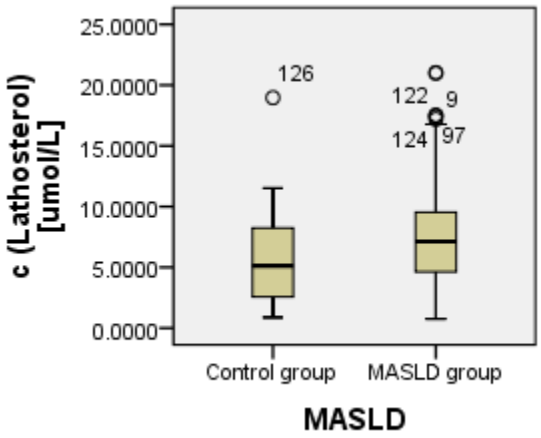

Figure S2.2. Side-by-side box plots for lathosterol concentrations in the control and MASLD group

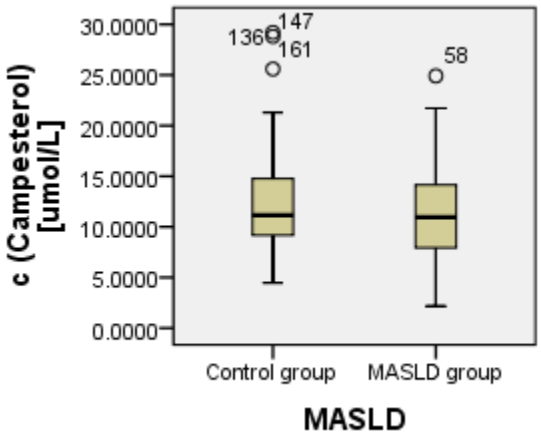

Figure S2.3. Side-by-side box plots for campesterol concentrations in the control and MASLD group

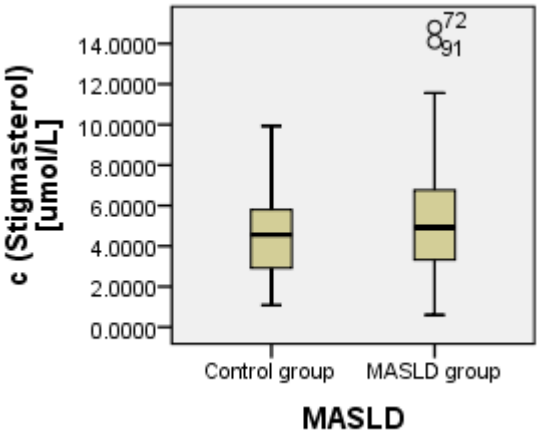

Figure S2.4. Side-by-side box plots for stigmasterol concentrations in the control and MASLD group

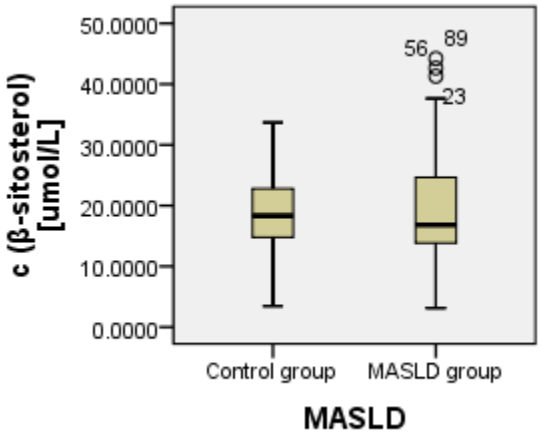

Figure S2.5. Side-by-side box plots for β-sitosterol concentrations in the control and MASLD group
