

Figure S1-A

Figure S1-B

Figure S1-C

Figure S1. Protein purification. (A) BmGS1-PCOLD-TF protein purification; (B) Mutant protein purification. A represents the purification of BmGS1-E81A protein; B represents the purification of BmGS1-R245A protein ; C represents the purification of BmGS1-R286A protein; D represents the purification of BmGS1-E79A protein; E represents the purification of BmGS1-R265 protein; (C) Transcription factor Bmdsx and Bmabd-A protein purification.
