## AT1
## (3307 significant pathways)

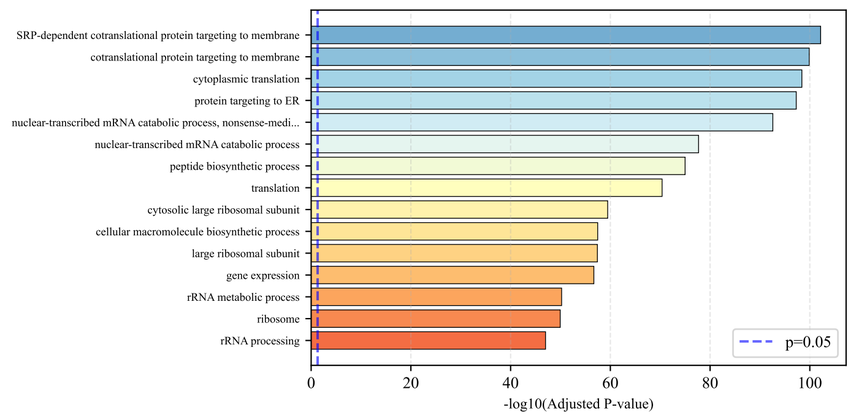

## AT2
## (2455 significant pathways)

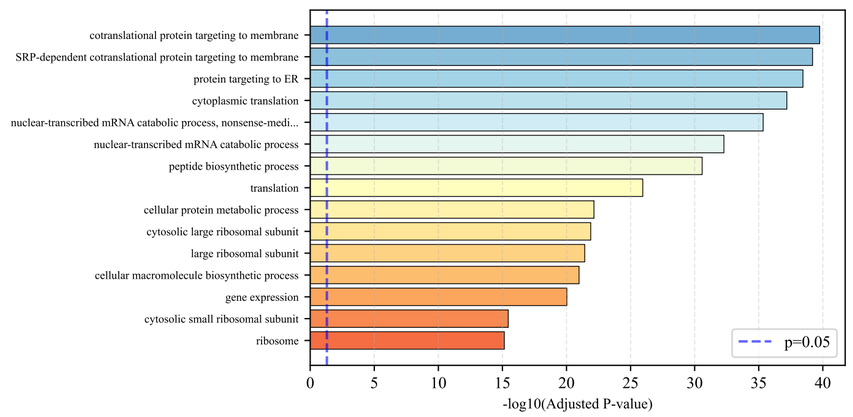

## Basal cells
## (3014 significant pathways)

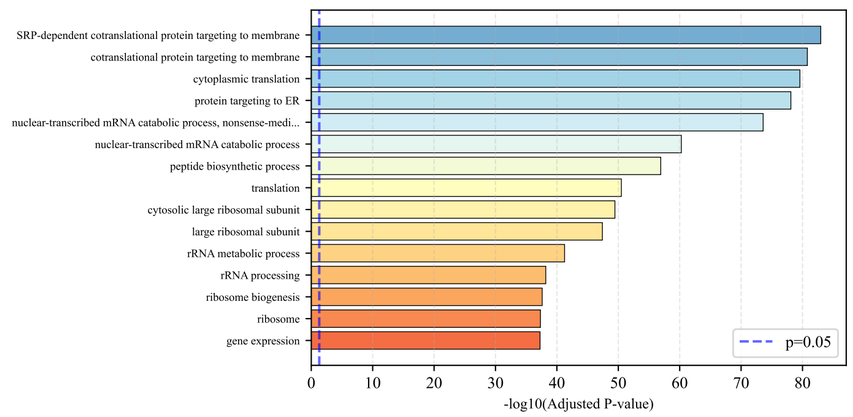

## B cells
## (2861 significant pathways)

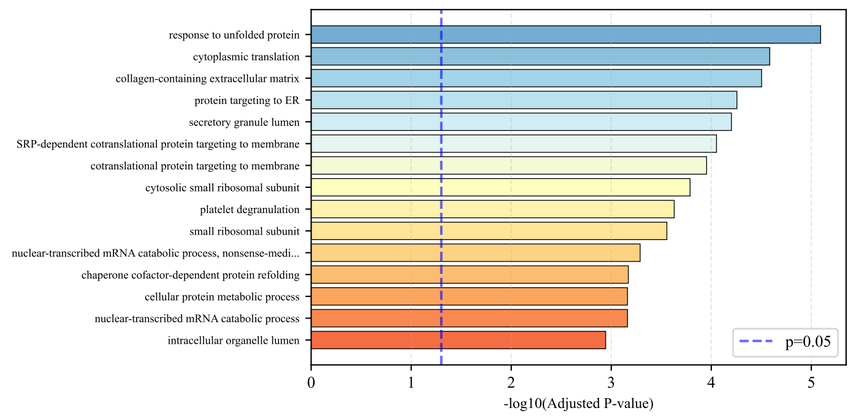

## Ciliated cells
## (2315 significant pathways)

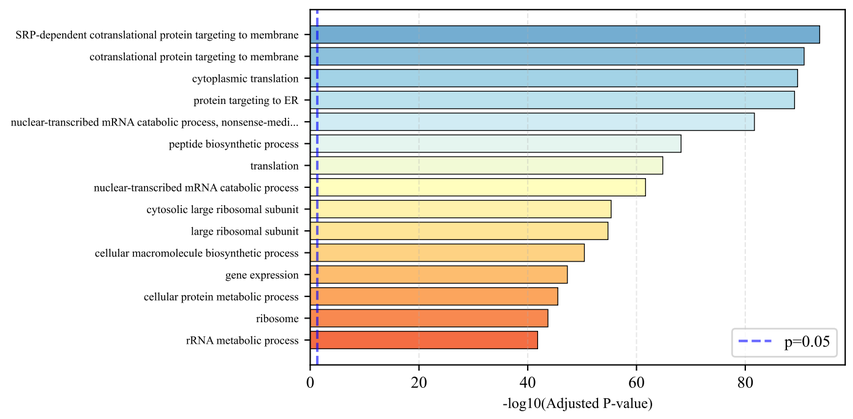

## Endothelium
## (3731 significant pathways)

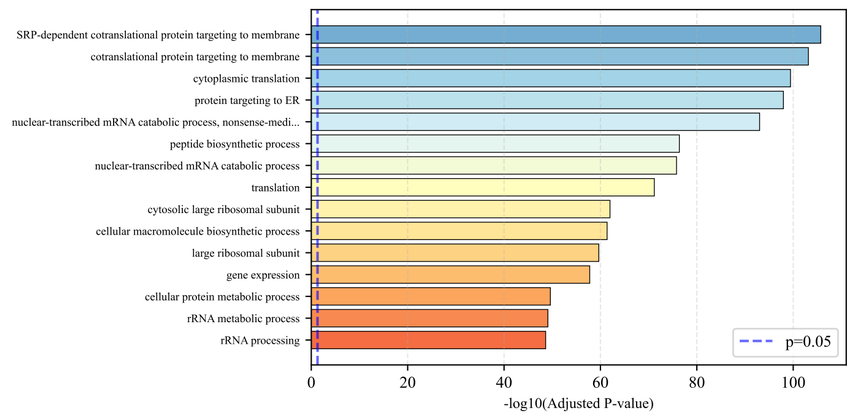

## Fibroblasts
## (2636 significant pathways)

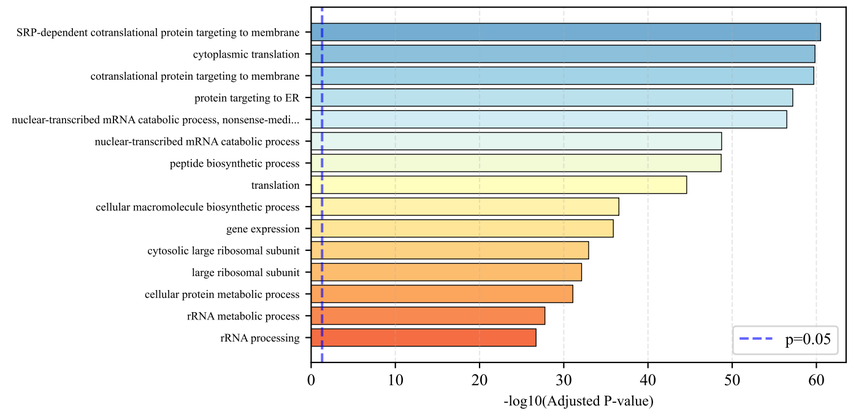

## Macrophages
## (3985 significant pathways)

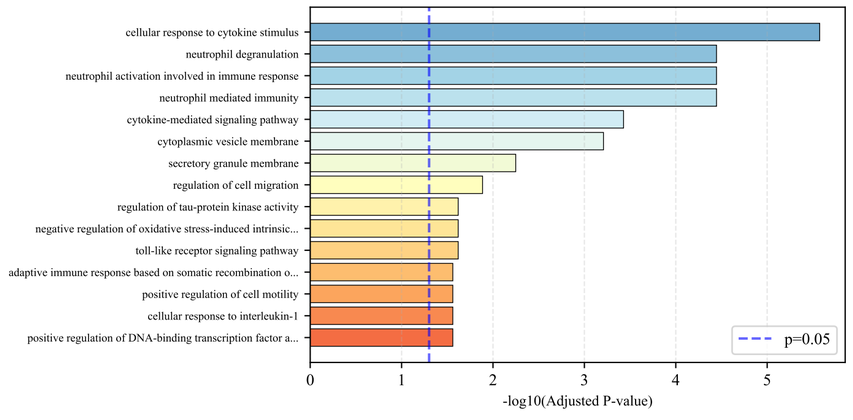

## Mast cells
## (3284 significant pathways)

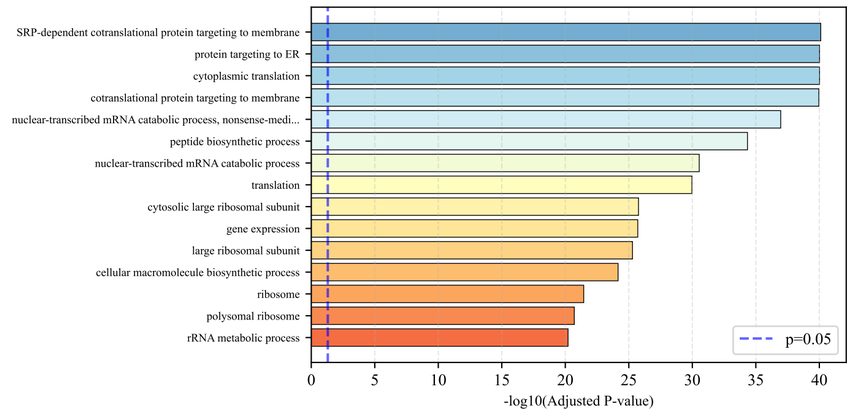

## Mesothelium
## (2643 significant pathways)

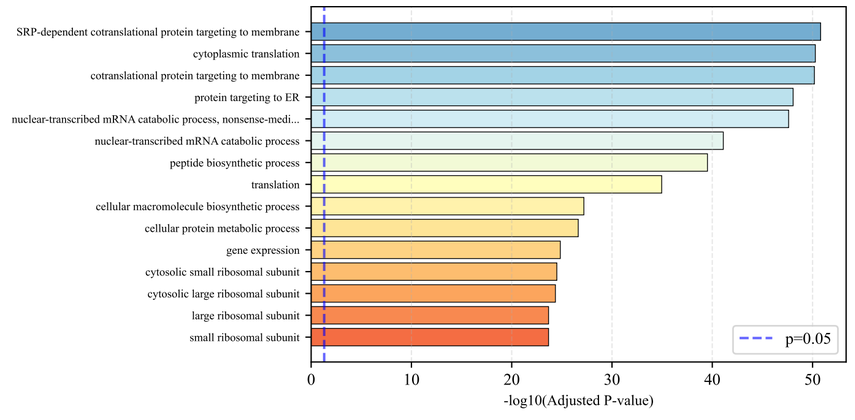

## Neutrophils
## (3483 significant pathways)

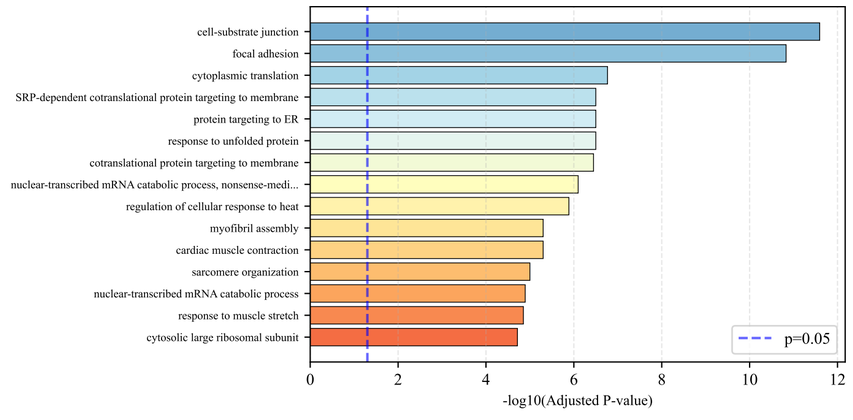

## Plasma cells
## (1726 significant pathways)

## Secretory cells
## (2543 significant pathways)

## Smooth muscle cells
## (3648 significant pathways)

## T cells
## (3142 significant pathways)
