Supplementary material:

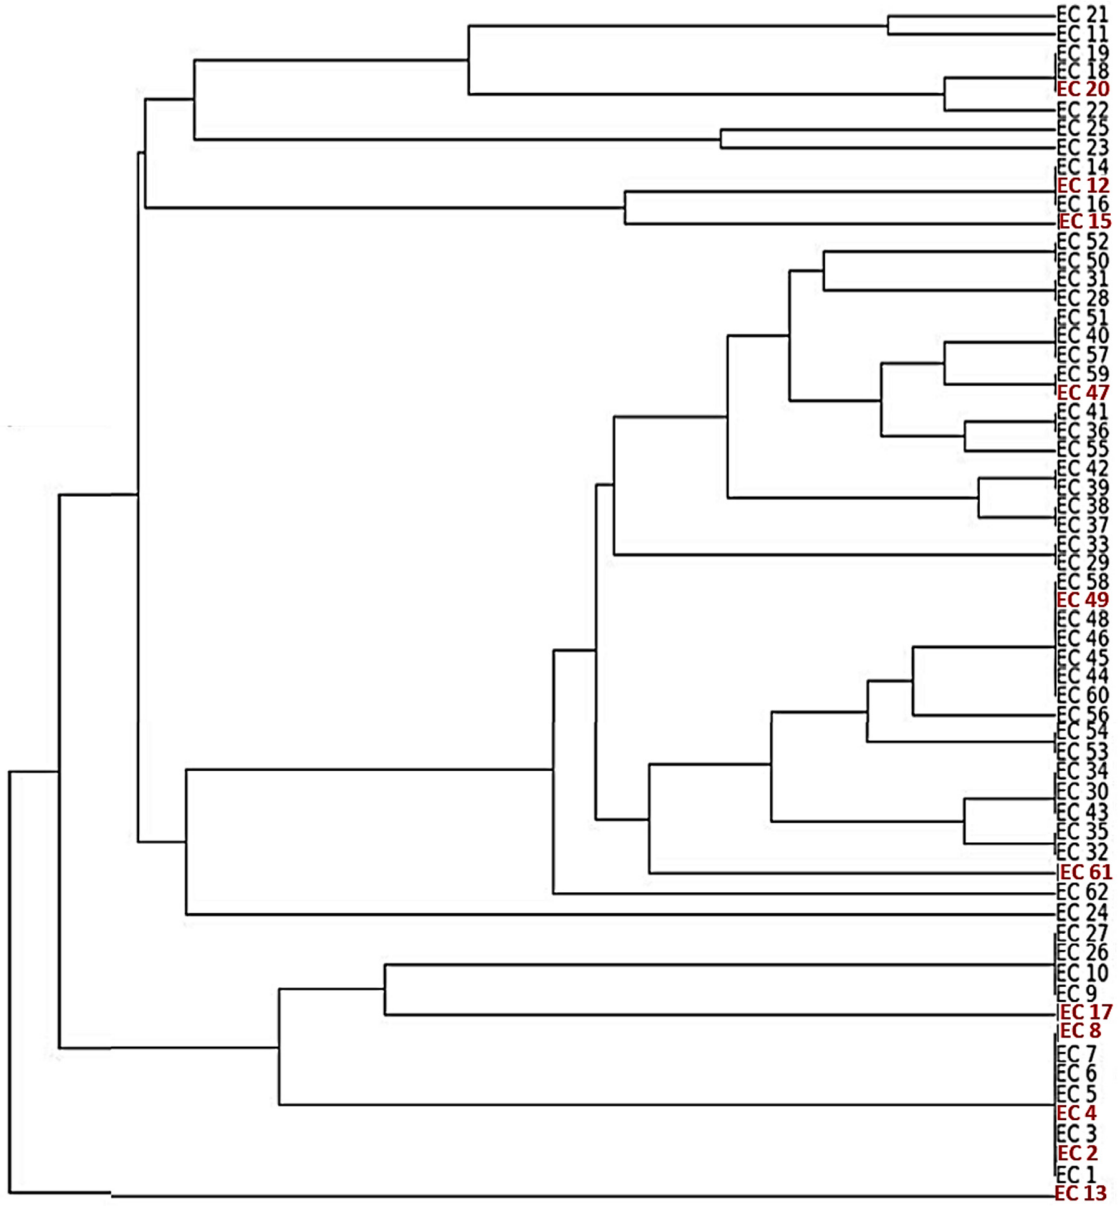

Supplementary Figure S1. Dendrogram of *Enterobacter* spp. (EB) based on ERIC-PCR.

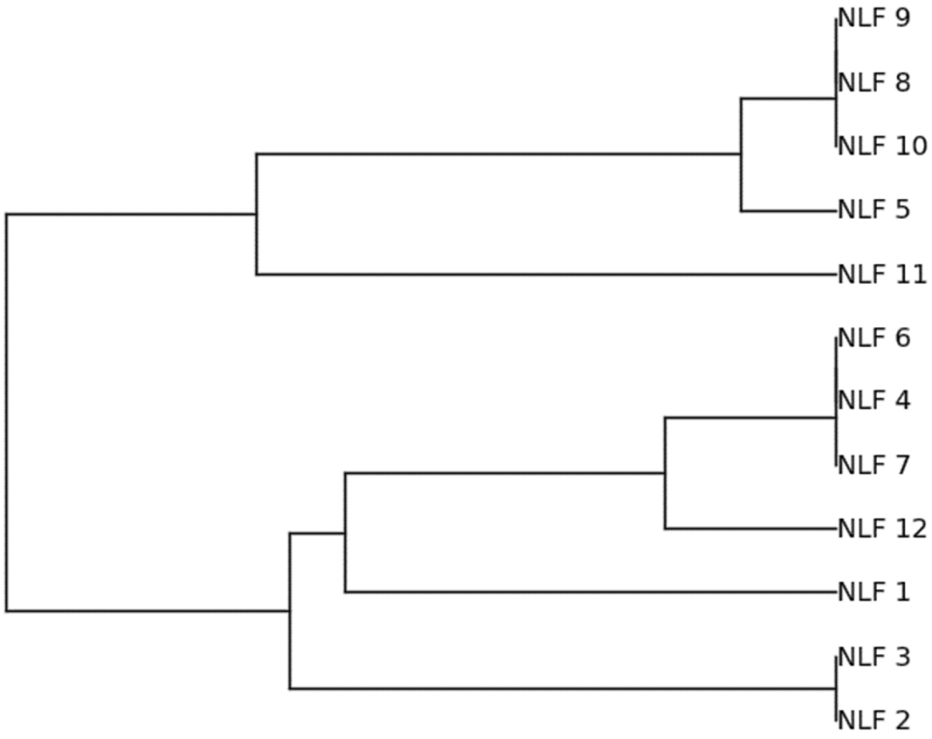

Supplementary Figure S2. Dendrogram of *Shigella* spp. based on ERIC-PCR. Ssp1 – *Shigella* spp.; SS – *Shigella sonnei*; SF – *Shigella flexneri*. *red color denotes isolates with resistance gene

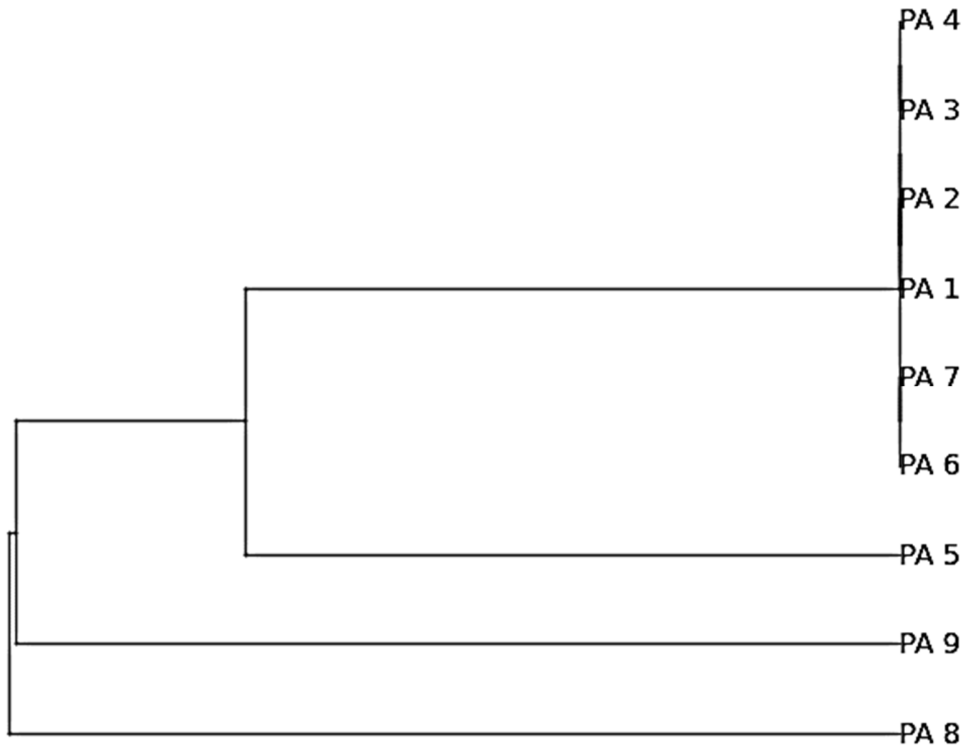

Supplementary Figure S3. Dendrogram of *Klebsiella pneumoniae* (KP) based on ERIC-PCR. *red color denotes isolates with resistance gene

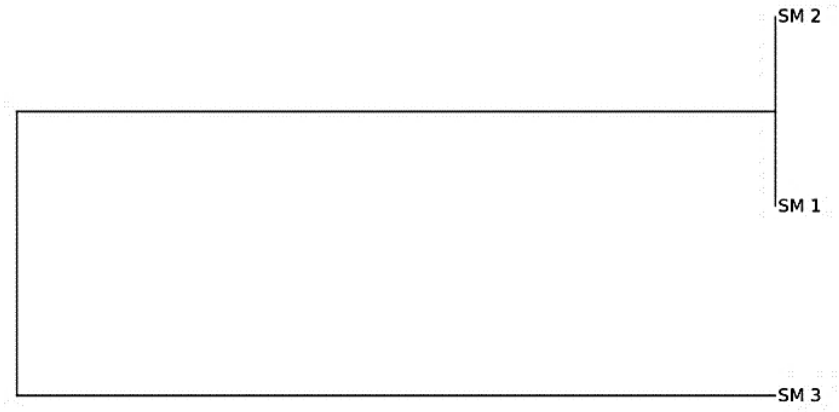

Supplementary Figure S4. Dendrogram of *E. coli* (EC) based on ERIC-PCR.
***red color denotes isolates with resistance gene**

Supplementary Figure S5. Dendrogram of *Acinetobacter* spp. based on ERIC-PCR.

Supplementary Figure S6. Dendrogram of *Pseudomonas aeruginosa* (PA) based on ERIC-PCR.

Supplementary Figure S7. Dendrogram of *Serratia marcescens* (SM) based on ERIC-PCR.
