Supplementary Figure and Table Legends

Supplementary Figure S1: GSE236294 dataset normalization boxplot.

Supplementary Table S1: Hub genes of magenta modules.

Supplementary Table S2: Hub genes of purple modules.

Supplementary Table S3: Hub genes of red modules.

Supplementary Table S4: Differentially expressed genes (DEGs) of GSE236294 dataset.

Supplementary Table S5: Top 20 in network genemania-interactions.txt ranked by MCC method.

Supplementary Table S6: The potential small compounds identified by L1000CDS^2.
