

Supplementary Table

Table S1. Themes within the discussion of social robot uses for practical, non-social tasks

Theme	Example	Frequency
Facilitate entertainment	"Play music." (AMR_W09)	8/10 workshops
Safety	"Calls for help when someone is in trouble." (Adult_W03)	7/10 workshops
Provide information	"Answer questions." (AMR_W01)	6/10 workshops
Reminders	"We use Google Home for reminders, but it could be cuter with robots." (Adult32_W07)	6/10 workshops
Cooking, cleaning, housework	"Clean my house." (Child11_W03)	5/10 workshops
Homework, paper-work	"Help me with my schoolwork." (AMR_W07)	4/10 workshops
Activities of daily living	"Help me with stuff that is hard, like getting ready for the day." (Child31_W04)	2/10 workshops
Serve	"It could get some food from the fridge." (Child07_W02)	2/10 workshops

This table covers non-social themes that emerged from our content analysis. Serving, providing homework support, and assisting with activities of daily living were applications that were mentioned in fewer than half of the workshops. Doing housework, providing information, maintaining safety, giving reminders, and entertaining were all uses that came up frequently – in 50% of workshops or more.
