

**Dolphin catalogue (LDF and RDF) of each Irrawaddy dolphin individual in west Penang Island**

Individual name	Right dorsal fin (RDF)	Left dorsal fin (LDF)
OBP003*		
OBP010*		NA
OBP016*		

Individual name	Right dorsal fin (RDF)	Left dorsal fin (LDF)
OBP040		NA
OBP041		
OBP042		

Individual name	Right dorsal fin (RDF)	Left dorsal fin (LDF)
OBP043	 A photograph showing the right dorsal fin of a whale breaching the surface of the water. The fin is dark and pointed, with a small, lighter-colored patch near the base.	NA
OBP044	 A photograph showing the right dorsal fin of a whale breaching the surface of the water. The fin is dark and pointed, with a small, lighter-colored patch near the base.	 A photograph showing the left dorsal fin of a whale breaching the surface of the water. The fin is dark and pointed, with a small, lighter-colored patch near the base.
OBP045	 A photograph showing the right dorsal fin of a whale breaching the surface of the water. The fin is dark and pointed, with a small, lighter-colored patch near the base.	NA

Individual name	Right dorsal fin (RDF)	Left dorsal fin (LDF)
OBP046		
OBP047		
OBP048		NA

Individual name	Right dorsal fin (RDF)	Left dorsal fin (LDF)
OBP049	 A photograph showing the right dorsal fin of a whale breaching the water's surface. The fin is dark and pointed, with a small white patch near the base. The water is slightly choppy.	NA
OBP050	 A photograph showing the right dorsal fin of a whale breaching the water's surface. The fin is dark and curved, with a small white patch near the base. The water is calm.	NA
OBP051	 A photograph showing the right dorsal fin of a whale breaching the water's surface. The fin is dark and pointed, with a small white patch near the base. The water is greenish and choppy.	 A photograph showing the left dorsal fin of a whale breaching the water's surface. The fin is dark and pointed, with a small white patch near the base. The water is greenish and choppy.

Individual name	Right dorsal fin (RDF)	Left dorsal fin (LDF)
OBP052		NA
OBP053		
OBP054		

Individual name	Right dorsal fin (RDF)	Left dorsal fin (LDF)
OBP055	NA	
OBP056		NA
OBP057		NA

Individual name	Right dorsal fin (RDF)	Left dorsal fin (LDF)
OBP058		
OBP059	NA	
OBP060		

Individual name	Right dorsal fin (RDF)	Left dorsal fin (LDF)
OBP061		
OBP062		
OBP063		NA

Individual name	Right dorsal fin (RDF)	Left dorsal fin (LDF)
OBP064	 A photograph showing the right dorsal fin of a whale, OBP064, as it surfaces. The fin is dark and sleek, with a small blow visible just behind it. The water is greenish and has some white foam on the surface.	 A photograph showing the left dorsal fin of a whale, OBP064, as it surfaces. The fin is dark and sleek, with a small blow visible just behind it. The water is greenish and has some white foam on the surface.
OBP065	 A photograph showing the right dorsal fin of a whale, OBP065, as it surfaces. The fin is dark and sleek, with a small blow visible just behind it. The water is greenish and has some white foam on the surface.	NA
OBP066	 A photograph showing the right dorsal fin of a whale, OBP066, as it surfaces. The fin is dark and sleek, with a small blow visible just behind it. The water is greenish and has some white foam on the surface.	 A photograph showing the left dorsal fin of a whale, OBP066, as it surfaces. The fin is dark and sleek, with a small blow visible just behind it. The water is greenish and has some white foam on the surface.

Individual name	Right dorsal fin (RDF)	Left dorsal fin (LDF)
OBP067	 A photograph showing the right dorsal fin of a whale, which is a broad, triangular shape with a small, rounded tip, emerging from the water.	 A photograph showing the left dorsal fin of a whale, which is a broad, triangular shape with a small, rounded tip, emerging from the water.
OBP068	 A close-up photograph of the right dorsal fin of a whale, showing a dark, curved shape with a small, rounded tip, emerging from the water.	 A photograph showing the left dorsal fin of a whale, which is a broad, triangular shape with a small, rounded tip, emerging from the water.
OBP069	 A photograph showing the right dorsal fin of a whale, which is a broad, triangular shape with a small, rounded tip, emerging from the water.	NA

Individual name	Right dorsal fin (RDF)	Left dorsal fin (LDF)
OBP070		
OBP071		
OBP072		NA

Individual name	Right dorsal fin (RDF)	Left dorsal fin (LDF)
OBP073	 A close-up photograph of the right dorsal fin of a whale, showing its dark, rounded shape as it cuts through the water.	NA
OBP074	 A photograph of the right dorsal fin of a whale, viewed from a slightly elevated angle, showing the fin's profile and the surrounding water.	NA
OBP075	 A photograph of the right dorsal fin of a whale, showing a more complete view of the fin's shape and the water around it.	NA
