Iaciofano et al. Amphipod Fauna Enhances Understanding of Eastern Mediterranean Deep-Sea Biodiversity

Table 1. S. Abundance of the species collected from the 16 stations surveyed in 2013.

Species \ station	H02	H03	g11	g18	g23	g26	s1_04	s2_02	S3_01	S3_02	S3_03	S4_01	S4_02	S4_03	Net-1400m	HS360C	Total individuals per species
Ampelisca jaffaensis Bellan-Santini & Kaim-Malka, 1977				7								1					8
Carangoliopsis spinulosa Ledoyer, 1970	2			11				5	20	16	1	13	4			1	73
Eusirus longipes Boeck, 1861																	0
Rhachotropis caeca Ledoyer, 1977															2		2
Rhachotropis grimaldii (Chevreux, 1887)																	0
Rhachotropis rostrata Bonnier, 1896																	0
Lepechinella manco J. L. Barnard, 1973																	0
Leucothoe lilljeborgii Boeck, 1861	1	1															2
Idunella pirata Krapp-Schickel, 1975																	0
Orochomene grimaldii Chevreux, 1890																	0
Paracentromedon crenulatum (Chevreux, 1900)																	0
Tryphosites alleni Sexton, 1911																	0
Caeconyx caeculus (G.O. Sars, 1891)																	0
Tmetonyx similis (G. O. Sars, 1891)																	0
Bathymedon monoculodiformis Ledoyer, 1983																	0
Oediceroides pilosa Ledoyer, 1983					1												1
Oediceroides brevicornis Lilljeborg, 1865																	0
Westwoodilla caecula (Spence Bate, 1857)							1										1
Halice abyssi Boeck, 1871																	0
Harpinia antennaria Meinert, 1890	2	1		8						4	1		1				17
Harpinia crenulata (Boeck, 1871)				21								1					22
Harpinia dellavallei Chevreux, 1910																	0
Harpinia pectinata G.O. Sars, 1891														1			1
Paraphoxus oculatus (G. O. Sars, 1879)				1													1
Stegophaloides christianiensis (Boeck, 1871)																	0
Bruzelia typica Boeck, 1871																	0
Ileraustroe ilergetes (J. L. Barnard, 1964)																	0
Pseudotiron bouvieri Chevreux, 1895			1			1											2
Syrrhoe affinis Chevreux, 1908
